## ROYAL DECREE WARNS ALL THAT WAR NEARS, SUBJECTS ARE SLAIN

Rome, May 18.—(Via Paris, May 19)—Forty persons were killed and several hundred wounded by the police and Austrian troops in quelling the uprising in Pola, according to the Idea Nazionale.

Many persons are said to have been suffocated at the navy yard where the outbreak began. Homes of Italian subjects are said to have been burned by the Austrians.

Rome, May 18.—(Via Paris, May 19)—A royal decree under which all railroad lines and stages in Italy are placed entirely under the supervision of the military authorities is published by the official gazette.

Under the provisions of the decree military officials are given power to prohibit suspected persons from traveling on the railroads approaching the lines.

All travelers are warned that at certain points they are not to look from the carriage windows but must keep the shutters closed.

Any person approaching a tunnel or bridge will be imprisoned for six months. If war has been declared when the offense is committed they will be court-martialed. Soldiers and the police are entrusted with enforcement of the decree and are authorized to arrest all persons who violate these provisions.

Foreign Minister Sonnino is reported to have informed the council of ministers at its session this morning.

## EIGHT DROWNED WHEN CANADIAN BOAT SINKS

Quebec, May 19.—Eight of the fourteen members of the crew of the small government steamer Christine were drowned when that steamer was runned and sunk by an unmarked vessel off the island of Orleans last night. It was learned today that the vessel sank within two minutes and the crew were unable to launch a lifeboat or don life-preservers. Six of them were saved by another vessel. The bodies of the drowned have not been recovered and their names were unknown early today.

The Christine was formerly Lord Strathcona's yacht and was chartered by the naval authorities as an examination steamer. The name of the vessel with which she collided has not been made public.

Quebec, May 19.—The little government steamer Christine, which was sunk with a loss of eight lives in a collision off the island of Orleans last night, was runned by a Canadian submarine. Announcement to this effect was made here today.

How the submarine came to run the steamer was not disclosed. Captain Kennedy, who sustained a broken leg, is now in a hospital in this city.

## SAYS U. S. MUST PUT UP WITH SUBMARINES

Berlin, (Via Amsterdam and London, May 19)—The Vossische Zeitung says: "If America succeeds in bringing it about that British merchant vessels shall no longer sail under false flags, that England shall cease running merchant vessels and that contraband cargoes shall no longer be protected by American passengers, then the United States will find Germany on her side in an endeavor to lead submarine war into more humane channels."

"If America fails to influence Great Britain thus, the United States will have to put up with submarine war as at present waged. She must take care that her citizens enter as little into the naval war zone as they would into the firing line near Arras, Lille or Przemyśl."

## RUSSIAN COMMANDER WOUNDED. CAPTURED

London, May 19.—General Kozlov, commander of the 18th Russian division which cut its way through overwhelming German forces in the Galician retreat, has been captured, according to a Petrograd dispatch to the Reuters Telegram company. He continued to command rear guard actions, leading bayonet charges, although severely wounded.

Dispatches from the San river indicate that a tremendous battle is imminent north of Przemyśl. The main strength of the Austro-German forces is concentrated between Jaraslou and Lezajsko.

New York, May 19.—General Thomas H. Hubbard, a prominent attorney and a director in many railroads and financial institutions, and a veteran of the civil war, died here today.

## CALLS U. S. TO ARMS IN STIRRING SPEECH BEFORE PEACE CONFERENCE; SAYS WE SHOULD BE PREPARED

### ASKS U. S. TO PROTECT AUSTRIANS

Rome, May 18.—(Via Paris, May 19)—It is said here that Austria already has decided to entrust to the United States the protection of her subjects in Italy in the event of war, which is considered inevitable. Owing to the feeling caused in the United States by the sinking of the Lusitania, Germany is reported to have decided to ask Switzerland to undertake the same task for German subjects and property in this country.

### STRIKING FEATURES BROUGHT OUT IN DR. HIBBEN'S "CALL TO ARMS"

"I do not advocate preparedness for war, but a preparedness against war."  
"I am not in sympathy with the peace propaganda being circulated."  
"We dare not trade honor for peace."  
"We dare not betray only in order that we may bargain for peace."  
"No one can be so blind regarding the significance of present conditions."

Mohank Lake, N. Y., May 19.—Dr. John Hibben, president of Princeton University, stirred the Lake Mohank conference on international arbitration today by taking issue with the Pacificists who favored disarmament and by advocating "a wise preparedness of our military forces in the United States."

"I do not advocate preparedness for war," he said, "but a preparedness against war—a preparedness which in the event of the catastrophe of war itself, will prevent the enormous initial sacrifice of human lives which has characterized every war in which the United States have been engaged throughout our past history."

"No one can be so blind regarding the significance of present conditions as to take the position that a grave national emergency is not at least a possibility."

"I am not in sympathy with the peace propaganda which is being prosecuted in injury of our country."

### DEATON'S MEASURE IS VETOED

Columbus, May 19.—Gov. Willis today vetoed the Deaton bill, giving to county commissioners authority to issue bonds for aid of county fairs on the ground that this vested power is too broad, and signed nine other measures.

London, May 19.—The Amsterdam correspondent of the Post says the Dutch war minister announced in parliament that a bill is being prepared providing for universal compulsory military training. This measure would increase the army to approximately 1,000,000 men.

## GERMANY'S ANSWER NOT EXPECTED FOR TEN DAYS; CONTENTS NOT KNOWN

Washington, May 19.—Official information was received here today that Germany's reply to the American note will not be completed for at least a week and probably not reach Washington for at least ten days.

It is now known with some definiteness that Germany will indicate her willingness to have her submarines act toward all merchantmen just as destroyers or cruisers would, giving ample time for passengers and crew to leave, provided merchantmen are unarmed or if passengers' and contraband traffic are separated. That position is looked upon with some favor here, provided it is suggested as a modus vivendi or temporary arrangement, and does not involve the relinquishment by the United States of the rights of its citizens to travel anywhere on the high seas on enemy or belligerent unarmored ships.

There is an insistence on the part of the United States, however, that the principles of law and humanity expressed in its note must be recognized and admitted by Germany and that any

## BRITAIN TORN BY WAR AND POLITICAL STRIFE FACES DEADLY CRISIS

London, May 19.—Premier Asquith announced in the house of commons today that steps were in contemplation which involved a reconstruction of the government upon a broader personal and political basis.

It has been settled definitely that some form of cabinet re-organization is under way, but outside of Downing Street and a few leaders of political parties other than Liberals who have been consulted, the precise form of the change will not be known definitely, until Premier Asquith is ready to announce his plans.

There is a widespread belief that although Baron Fisher has tendered his resignation as first sea lord arrangements will be made as will enable him to retain his post under the new first lord of the admiralty, if he does not assume the first lordship himself.

Regarding the lord chancellorship the question is raised whether Lord Reading "could" take the position on account of his Jewish faith as the lord chancellor is "keeper of the king's conscience."

All parties are working earnestly to mobilize the strong men of England and bring about the solution best calculated to enable the country to pursue the war.

Disturbed by the political upheaval which is expected to end in a coalition government, England finds little time to interest herself in war news, but nevertheless the Russian situation is causing a feeling of pessimism.

The official Russian announcements do not wholly confirm the pessimistic special dispatches from Petrograd, but they admit that the Russian progress along the river San is under way. At the same time they claim that the Russians have been able to resume the offensive on the left bank of the Vistula, a movement which may result, it is explained in outlooking the Germans attacking Jassy.

The Austrian rout in West Galicia is not yet complete, according to London's information, but the impression is growing here that the defeat of the Teutonic allies in this section has been enough to prevent the complete success of the wholesale offensive movement which they initiated along the eastern front.

Military experts in London are today characterizing the retreat of the Russian third army as "a masterly feat which must have cost the victors dearly."

Italy seems no nearer war today than she did yesterday, but persistent reports are reaching London that the Teutonic ambassadors in Rome have been handed their passports and will leave today.

Several of the London morning papers make definite announcements of the resignation of Baron Fisher, first sea lord. The different party organs agree that the formation of a coalition government is inevitable.

## Carranza Will Move Capital To Puebla Sprague Gerrymander Is Ready For Senate

Galveston, Texas, May 19.—A reliable statement of some of Carranza's military plans, coming from Carranza himself, was given out here today by an American who has just returned from Vera Cruz. Reports are frequent in various quarters that General Carranza intends soon to remove his capital to Puebla then to retake Mexico City and there permanently establish the constitutional government.

General Carranza himself frankly says he has no immediate intention of returning to Mexico City, notwithstanding the effect the return might have among other nations. Carranza's reasons for this, he says, are:

"That the people of Mexico City are antagonistic to him; that the city would require a large garrison, which necessarily would take thousands of soldiers from outside work. That Mexico City has no military advantages; that at Vera Cruz supplies are available from foreign countries and communication with the outside world cannot be interrupted. This question recently was put to Carranza:

"The conclusion is drawn in some quarters in the United States that your being in Vera Cruz is an admission that you are not strong enough to hold the capital; that you sought a part as a means of personal safety in case of defeat is that true?"

"I am not conducting my campaign according to the views of foreigners," replied General Carranza.

Columbus, May 19.—Only slight progress was made today by Republican senators in caucuses toward ironing out opposition to the Sprague congressional redistricting bill which was passed by the house yesterday and was ready for its second reading in the senate today. Further conferences on the measure were planned for later today but a number expressed doubt whether a satisfactory arrangement of districts could be made. Governor Willis continued to take interest in the progress of the caucus negotiations but it was announced he would exert no influence to secure passage of the bill, since so many senators have developed satisfaction.

The greatest difficulty today was reported to be the throwing of Congressmen-elect Rickeltes of Hocking county and Congressman Switzer of Gallia county into the same district by the new proposal. This induced Senators Vollenweider of Vinton, Morrow of Ross and Archer of Noble to protest. To satisfy Senator Cass his home

## STEAMER IS SUNK

Cardiff, Wales, May 19.—(Via London)—The British steamer Drumcree which left Barry yesterday, has been torpedoed in the English channel. The members of her crew have been saved.

## Declares Roosevelt Was Justified In Denouncing Barnes

Syracuse, N. Y., May 19.—John M. Bowers, chief counsel for Theodore Roosevelt today summed up in the supreme court here the case of the defense in William Barnes' suit for libel. He assailed the truth of many of the statements made upon the witness stand by the plaintiff, presented arguments to the jury designed to show that his client was justified in saying the things he did about the former chairman of the Republican committee. The lawyer contended that the suit was not brought with the purpose of securing pecuniary damages but in reality it was a "game to lower the defendant before the people of the United States. Counsel for Barnes were to sum the case of the plaintiff during the afternoon session of court.

During the day Justice Wm. S. Andrews, presiding, denied a motion to instruct the jury to find a verdict for Mr. Barnes and ruled that the jury would not be allowed in its deliberations to consider the alleged article upon which the suit is based was privileged because the plaintiff was in public life and a political campaign was in progress at the time.

Some of my friends have become so imbued with the military spirit here of late that I'm most pestered 't death listenin' to 'em talk. They want war, want it bad and want it now. Nope, none of 'em has joined Capt. Jim Smith's military company that I know of, but I've got their names all down in a little book which I'm gonna hand over to Jim as a possible list of recruits if a war breaks out. Personally I'm a man of peace, but don't mind recruitin' other folks to fight. Here's the weather for tomorrow:

Ohio—Rain tonight and Thursday. Warmer tonight in South portion.

Kentucky—Rain tonight and Thursday. Warmer tonight.

**FIND MORE BODIES**  
Queensdown, May 19.—(Via London)—The bodies of three victims of the Lusitania two men and one woman were recovered yesterday. The men presumably are Charles H. Grant of Chicago and Montague P. Land of London and Chicago. The body of the woman has not been identified.

## W. C. T. U. HAS AN IMPORTANT MEETING

The Soles County W. C. T. U. held an important business session at Trinity M. E. church in this city on Tuesday afternoon and evening. Mrs. C. C. Coverson, the county president, presided. In her opening address she urged the different unions over the county to begin work at once for state-wide prohibition, which will be voted upon this

fall. She suggested the Point Contest, which is being waged in several of the unions as a means of creating interest in the work of the coming campaign. Regular meetings will be held every month in the county until the election, the time being fixed as the second Monday in each month.

## STOMACH TROUBLES DUE TO ACIDITY

So Says Eminent Specialist

So-called stomach troubles, such as indigestion, wind, and stomach-ache are in probably nine cases out of ten, empty evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn. While the acid irritates and inflames the delicate lining of the stomach, the trouble lies chiefly in the fermenting food. Such fermentation is unnatural, and need formation is not only unnatural, but involves most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bismuthated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few minutes. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a rare stomachic, such as bismuthated magnesia, which can be obtained from The Fisher & Stretch Pharmacy or any drug store, and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—J. F. P.

## FINE MUSICAL

If you enjoy good music you cannot afford to miss the Central Presbyterian musicale on Tuesday evening May 25. Miss Edna Marting and Mrs. Philip S. Wickerham are to take part and with these two ladies participating a fine entertainment is assured. Keep posted. Read Thursday's announcement.

## TERMINALS

Robert Strother had a reason for the broad smile on his face Wednesday morning. A nine pound baby son arrived at the Strother home on Gallia pike early Wednesday and there is not a happier man than "Bob," who is motorman on the Hilltop line on night turn.

Mrs. William Wallace of Gallia pike, has returned home after a visit with her parents at Ashland, Ky.

R. B. Holt of the McDermott Stone company was a business visitor at the N. & W. offices Tuesday.

Gallia pike is again blocked from traffic from Norfolk avenue, east to the corporation line. Work of grading the pike from Poplar street to Chestnut street has been started by S. Monroe and Sons. Walnut street and the temporary road through the Bush and Snyder field is being used.

Mrs. Edward Johnson and daughter Lillian have returned to their home in Parkersburg, W. Va., after a several week's visit at the home of Mr. and Mrs. R. L. Johnson on Gallia pike.

Mrs. Will Busden of Walnut street, was the guest of her mother, Mrs. Nancy Hull of New Boston, Tuesday.

N. & W. Cashier James R. Gaine at Ashland, Ky., will leave Thursday on a thirty day vacation. Gaine and wife will go to Tucson, Ariz., for Mrs. Gaine's health. F. E. Durham, N. & W.

Cashier at Norwood, Cincinnati, will fill the place of Gaine. Mr. Durham and wife will locate temporarily in Ashland.

Frank Defoe, N. & W. brakeman of Mahert Road, who has been seriously ill for several weeks with pneumonia, is convalescing.

The second annual system meeting of the Order of Railway Conductors will be held in Room 6, Va., June 6 and 7. A number of conductors from this end of the line will attend the meeting. All N. & W. trainmasters have been issued invitations to attend. C. C. Horn, chairman, C. P. Peters, vice chairman, M. J. Jannette, and W. L. Davis are the committee in charge of the meeting. The Conductors' Annual System Meeting was organized at Bluefield, W. Va., June 28, 1914.

J. S. May, N. & W. brakeman of this city, was injured at Nalau, W. Va., Tuesday afternoon. May was brakeman on extra east bound 1079-494 and had his right leg sprained when an air hose burst. He was taken to the trainmaster's office at Williamson where the company physician attended him. He returned home Wednesday.

Fred Mager, N. & W. clerk in the timekeeping department, who is on a vacation, will leave in a few days for Muncie, Ind.

## Mr. Neudoerfer Will Rest Up

## WILL HOLD DEBATE

The opening gun in the campaign for statewide prohibition in Soles county will be fired Sunday afternoon at two o'clock at Trinity M. E. church, when E. J. Hull and D. C. Summers, organization managers and boosters in the "Ohio Dry" fight, will stage their famous dialogue-debate, entitled "Tom O'Neil, a Saloon-keeper, Against A License Commissioner."

Messrs. Hull and Summers achieved fame by the results they are said to have accomplished in elections in Colorado and Michigan and the local anti-saloon workers figure that they made a ton-strike when they engaged their services. The two men will also conduct a whirlwind automobile campaign over the county, lasting four days, in the interest of statewide prohibition.

It is a drama of intense and heart-piercing action that will bring you to the edge of your seat. It's a feature that you will be sure to like. In addition to the big feature "Patry at the Semphore," a screen comedy which will also be shown, making four reels in all and the admission is only five cents. Be sure that you visit the Scenic tonight. Tomorrow's feature, "The Van Thurnham Diamonds," a thrilling Selig mystery drama in two parts.

## At The New Sun, America's Greatest University.

At the New Sun theatre commencing on May 25, popular matinee Wednesday, May 26 at 2:30, Lyman H. Howe will depict America's Greatest University. This particular university is unlike any other place on earth. In the first place, it is the newest, and it is afloat on the high sea. Secretary of the Navy, Hon. Josephus Daniels, is its sponsor. The curriculum embraces every character of instruction from teaching spelling to a new recruit to the study of strategy by the most experienced officers—a university of more than 60,000 men. Every ship is a schoolmaster. However, it is not merely a matter of imparting schoolroom or text book instruction. This floating university's educational system is pre-eminently broader than that of any on land. Each man is given his choice of the line of training he wishes to pursue. As indicated by Howe's reproduction there is no place where there is more to learn how to do things than in the navy.

## HOW TO CLEAR AWAY PIMPLES

Wash your face for several minutes with resinal soap and hot water, then apply a little resinal ointment very gently. Let this stay on ten minutes, and wash off with resinal soap and more hot water, finishing with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing resinal medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.

Resinal ointment and resinal soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and chafing. Sold by all druggists.

## SOAP FOR BABY'S TENDER SKIN

The regular use of resinal soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first, because resinal soap is absolutely pure and free from harsh alkali, and second, because it contains the resinal medication, on which so many physicians rely for skin troubles.

There is the most gripping sort of action throughout this installment; the secret passages, that fatal hour, etc. See Kennedy snatch Elaine right out of the jaws of death, overcome by the knowledge of horrible crimes and swayed by a desire for peace which the world cannot give. You will be enthralled by exciting thrills, by moments of breathless expectation and find the supremest satisfaction in ever scene of the four reels.

## At The Arcana

"To Redeem An Oath," a ten-reel feature, is the headliner at the Arcana today. It is the story of a boyish prank and a manly sacrifice, with Frank Lloyd and Helen Leslie featuring. Tonight's bill is an all-round good one, so don't miss it.

Oscar Lipp, of 640 John street, has joined the Du It Now Club. He is giving his cottage a coat of paint.

## Baby's Happiness Depends On Health

Cross, fretful babies usually need a laxative to make them comfortable, and comfort brings happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular.

A mild, pleasant tasting laxative such as Dr. Caldwell's Syrup Pepsin, is ideal for children because of its natural composition and gentle action, and because it contains no opiate, narcotic or other harmful habit-forming drug. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere. A teaspoonful at bedtime will bring easy, certain relief.

A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

## "We let them beat us on time to beat them on quality"

THIS is what Hugh Chalmers of the Chalmers Motor Company says about the Chalmers new Six-40 at \$1400.

He refers to the many cars in the \$1000 to \$1500 class put on the market in the past two years. All the time the Chalmers Company had this car, but were resisting the temptation to put it out until they had absolutely proven it beyond doubt.

And now here it is—a car with all the Chalmers quality at \$1400, the lowest price at which a Chalmers has ever been offered.

# Italy Resents Charge Country Has Scored The Triple Alliance

Rome, May 18.—(Via Paris, May 19.)—Resentment has been caused here by the statement appearing in some German papers to the effect that Italy has denounced its treaty with the triple alliance only so far as it refers to Austria. The purpose of this statement is believed to be to give the impression that it is possible for Italy to fight only the dual monarchy.

Rome papers point out that Italy's denunciation of the treaty only to Austria was not intended to imply that Germany would not assist her ally but simply to accentuate the fact that whatever differences exist are between Italy and Austria alone and not between Italy and Germany.

# GRAND DUKE NICHOLAS TURNS TIDE OF BATTLE

London, May 19.—At a critical point in the fighting near Jasio, Galicia, according to a dispatch to the Daily Mail from Petrograd, Grand Duke Nicholas in person rushed to the scene with ammunition, making the last 50 miles at top speed in an automobile. His car was followed by a string of 13 other automobiles loaded to capacity with ammunition.

The arrival of the commander-in-chief is said to have turned the tide, inspiring the Cossacks to retake Jasio, which the Germans had occupied. During their brief occupation the Germans are reported to have hung the mayor for displaying a Russian flag.

During the recent fighting one end of the Empress Alexandra's Red Cross train was splintered by shells.

# Says War Will Last Many More Months

London, May 19.—"As the result of the latest German tactics," says a dispatch to the Mail from Petrograd, "all that had been accomplished by the Russians in the Carpathians has been undone and months have been added to the duration of the war."

"If the German plans had succeeded completely," if General Lin-sing's army had been as fortunate as General Von Mackensen's, if the Austrians in Bukovina had been triumphant, if the Baltic invasion had resulted in the capture of Riga, the blow would have been terrific.

"Fortunately as matters now stand, the enemy has not accomplished anything really decisive."

"The general idea of the German offensive was to advance up on Lemberg from three different directions. Von Mackensen was to attack from the west, breaking through the Russian front; Lin-sing was to force Tikhalka Pass and move swiftly up the Stry valley; Archduke Eugene in Bukovina was to turn the Russian left. Apparently General Von Mackensen alone was successful in his attack, Lin-sing being held back while the archduke's army was soundly beaten."

"The leading Russian military authorities suggest that the Germans intend to follow up their success with an advance on Warsaw, but for this they will need more troops than they can muster as long as the present activity on the western front continues. This is the only road to allied victory but let there be no mistake—that and is a very long way off."

## IT'S RATHER NICE TO BE CONVICT HERE; 1,227 WILL ENJOY SATURDAY HOLIDAY

Moundsville, W. Va., May 19.—The 1,227 convicts who make up the population of the West Virginia penitentiary here will, beginning next Saturday, enjoy a Saturday half holiday during the summer months.

The majority of the convicts are employed in the prison shops on contracts and work much the same hours as free labor on the outside. The prison board recently adopted the half holiday on recommendation of the warden who pointed out the benefits to be derived from the weekly rest. A score of civilians employed in the prison will also benefit by the innovation.

# Scores Suffragists Who Tried to Present Wilson Their Letter

New York, May 19.—Mrs. Carrie Chapman Catt, chairman of the Empire State Campaign committee, made public today a statement condemning the action of women suffragists who attempted to hand to President Wilson, while he was here to review the Atlantic fleet, a letter requesting him to give an audience to a deputation of suffragists.

"Suffragists realize that no president since Lincoln has had such serious and delicate problems to solve as Mr. Wilson," said Mrs. Catt.

"We are distressed that any person in the name of our cause should have attempted to intrude upon his peace of mind."

## DISCUSS RELIGION

Cincinnati, May 19.—Discussion of religious subjects held the attention of the delegates at the second day's session of the annual meeting of the Western Unitarian conference here today.

"What men have a right to demand of a free church" and "Denominational efforts for improved Sunday school work" were on the program for discussion. Among those who were expected to make addresses were Rev. W. Hanson of Portland, Chicago, and others.

## OUTDOOR SPORTS

THE public now surrenders to the lure of outdoor sport. It ambles to the baseball grounds, the links and tennis court. It hearkens to the calling voice and loosens up its stride. Eager! It has no other choice, for everything's outside. The grand game now entertains the pent-up city "fan." He nibbles as he watches and he is a happy man. The kids upon the corner lots now sweat the leather pill. For sport is in the atmosphere—they simply can't keep still. The golf enthusiast now easily tramples over the hicks. The brusque and the nutcase are in evidence, too. The tennis fiends now clout the ball and yell out, "Thirty love!" while clouds float serenely in the heavens above. The motorcyclist speed along the quiet country road and barely miss the human, chicken, dog and frightened team. And now most everywhere are seen the luminous and Ford. They seek the country roadway and they speed with one accord. They skim the placid water in the rowboat and canoe. The motorboat now cleaves the waves and yachts are now seen, too. "The folks who like the simple life now with the time away by hitting balls with mallets in an old game called croquet. Away with pool and billiards, boxing bouts and lango teas and shuffleboard and poker, for they haven't time for these! They'll have to hide their weary time until the summer fall. Folks clamor now for outdoor sports—they've heard the season's call."

## GAS MEN INTERESTED

Cincinnati, May 19.—Great interest was displayed by the delegates attending the annual convention of the National Gas Association of America in the report which the committee on conservation of Natural Gas was expected to submit today. Donald McDonald, of Louisville, Ky., was on the program to speak on "Equitable Rates for Natural Gas," and J. C. McDowell, of Pittsburgh, Pa., was to read a paper on "The Future of the Natural Gas Industry in America."

# BULGARIA RESERVES NOTIFIED

London, May 19.—All reserve officers in the Bulgarian army have been called to the colors for a month's training says a Times dispatch from Sofia.

The Turks are hurrying troops, provisions and munitions from Luleburgaz and Keshan to the Gallipoli Peninsula. All siege guns and modern artillery have been removed from Adrianople and sent to the Aegean coast. Keshan and Kulgara are being hastily fortified.

## \$50,000 IN DRUGS FOUND ON "DOCTOR"

New York, May 19.—Finger print experts of the police department today said they had identified as Samir Ellis, a clairvoyant, the man who was arrested last night under the name of Dr. Jas. Kling of Pittsburgh, Penna., and charged with having \$50,000 worth of habit-forming drugs in his possession. Ellis' real name was said by the police to be Chas. Balwan or Baldwin. He declared, according to the police, that after his release from Sing Sing prison recently he opened a drug store in Pittsburgh and obtained all the drugs that he is charged with bringing here. Detectives said they found among his effects a book containing the names and biographies of 150 women, some of them of prominence.

**BURY GULFIGHT CAPTAIN.**  
New York, May 19.—The body of Capt. Alfred Gunter, who commanded the American tank ship Gulfight and died from shock after she was torpedoed off the Sicily islands by a German submarine, was buried in Evergreen cemetery, Brooklyn, today. Masonic services were held at the grave.

# Torpedo Fired When Boat Goes To Aid Sinking Lusitania

New York, May 19.—Officers of the British tank steamer Narragansett, which landed at Bayonne, N. J., confirmed the statement made by officers of the steamer Etonian at Boston that the Narragansett, which caught the Lusitania's distress signal, was driven off her course by a torpedo from a submarine when she came within seven miles of the scene of the disaster.

According to Talbot Smith, wireless operator aboard the Narragansett, the Lusitania's call for help was received at 2 o'clock on the afternoon of May 7. It read, "Strong list. Come quick!"

Captain Charles Harwood immediately ordered full steam ahead. His boat was about 35 miles away from the Lusitania.

Second Officer John Lettis said he sighted a submarine at 3:15 o'clock and in another instant saw a torpedo shoot past the Narragansett within 30 feet of her stern and disappear.

appear. Captain Harwood then changed his course and gave up the race for the Lusitania, believing that the distress signal was a decoy to trap the Narragansett.

Thousands of people go through TIMES WANT ADS every night. They read them with profit.

## WORSE THAN WE ARE.

We Americans have been held up as horrible examples the world over because of our alleged peculiar national product, the lynching bee.

It is not a distinction that we specially crave, nor is it one distinctively our own. We do assert that there isn't any difference in human nature, where it comes to its weaknesses and follies, sufficient to build a dispute upon.

Take this very matter of the lynching bee, what variation do we see in regard to it? None at all. Go to London and you will find a mob of ten thousand smashing the little shop of some German tradesman and roaring: "Hang him!" Traveling on to Austria, you can hear brutal hosts bringing the torch and lust for the blood of the weak down in the quarters of the Italians. Crossing over to Italy and traversing the streets of Rome, where civilization dawned and you will find the situation exactly reversed.

Clear around the globe, from Africa's sandy wastes, across the broad plains of British Columbia you will hear the cowardly, ravening multitude roaring and storming for its victims, over the helpless few.

Why, they are worse than we Americans. For we in sudden passion at some heinous crime, rise in the fury of our wrath and kill, because reason has temporarily abdicated her throne, but these foreign mobs, their's is but the cowardly lust of numbers and power—they, in no heat of blood, with no personal aggravation, rise and slay their good and kindly neighbors.

## BRICKBATS FOR JONES.

Everybody is willing to kick a man in politics when he is going down. For further particulars see Ed. Jones who is now getting his' up in Jackson county. For confirmation also here comes the Jackson Sun whose eyes have been illuminating Ed's pathway and not only turn off the light but also hurl a whole armful of brickbats at Ed's devoted head. The Sun, which is the Republican organ of Jackson county, has this to say about Ed's downfall at the hands of his party committee, which not only ousted his man but which elected his old time rival O. B. Gould, as county chairman:

"The action was taken for several reasons," says the Sun. "Among them is the fact that the endorsements made by the committee have been ignored time and again. This is due to the fact that either the State Chairman is not in good standing with the state administration or that he wants to fill all appointments with his own close personal friends. What few he has secured are such.

"There are a great many plans being hatched out over the state and there is no just reason why Jackson county should not secure her quota.

"The reason why Mr. Gould was selected in preference to any other is because of his acquaintance and standing among the leaders over the state and those in official positions in the State House. His experience as State Chairman for two terms and as Warden of the Ohio Penitentiary for two terms has also given him a state-wide prestige as a leader and counselor.

"We understand the State Chairman, who attended the meeting, declared that the action in ousting Sell would cause the county to return to the Democratic column. The State Chairman should explain himself on this point. It means that he is either unable to control his following, or else that he will urge them to defeat the ticket that has given himself and brother honors that they could never have gained otherwise.

"We can not understand where the State Chairman has any grievance. The old Republican organization known as the Gould crowd, picked Jones up when he was down and out and when his following had gone over to the Bull Moose, and as a result he received high honors from the party. What his later friends wanted at this time was a little return of gratitude shown him and which he had gratuitously promised.

"Failing to secure it, they resort to the only means within their power."

It's not very complimentary to our city council's activity that citizens should have to petition for such an admittedly needed improvement as the extension of the flood wall. Why not get busy.

Class will tell. That's why no doubt Portsmouth always has a ball team just a few shades better than Ironton and Chillicothe.

## THE GET TOGETHER CLUB BANQUET--THE DAY AFTER

## NEW CHARGES AGAINST THE INSECTS.

(Journal of The American Medical Association)

The investigations of recent years have disclosed the relations of insects to malaria, yellow fever, bubonic plague and sleeping sickness. The striking results already demonstrated in respect to the activity of mosquitoes, fleas, bedbugs and house flies, inevitably raises the question as to the possible significance of other species of insects which may be less abundant but whose contact with man may be occasional or confined to restricted localities. This group includes cockroaches, ants and bees. Their role is as yet purely conjectural; but it is of interest to consider the possibilities as they present themselves to one trained to observe the versatile habits of insects and to recognize the opportunities for infection to which the sanitarian must give heed.

That an insect which will devour any sufficiently soft substance, from human foods to glue, grease and water colors, and which will live by preference in the cracks of the floors and walls of houses, bakeries, restaurants, sugar refineries and lunneries, where their bodies come into contact with the filth and refuse that necessarily accumulate in such places, should carry a host of germs about, and in their bodies be able to infect our foods, is certainly not surprising. Yet this is the habit of life of the omnivorous cockroach. Roaches probably also feed on tuberculous sputum and disseminate the bacilli as readily as the house fly.

Ants, which are often abundant in houses and are readily disseminated by commerce, sometimes become a pest to the housewife, particularly when they get into the stores of food. They have not escaped suspicion as disseminators of pathogenic micro-organisms. Wheeler points out that it thus becomes possible for ants to spread disease in different ways.

Finally the bees, lauded for centuries by poet and prose writer alike, have not escaped the accusation of suspicion. Wheeler has observed the stingless bees visit collections of garbage in the animal house, presumably gathering foreign substances which they knead into the cerumen cells in which they store honey eagerly collected for food by the natives in many parts of tropical America. According to Wheeler, there are records of intestinal disorders or even death following the eating of such honey. The suggestion of possible contamination with disease germs collected by filthy insects is plain.

## HERE FOR A PURPOSE.

We have often pondered upon what the osage organ was here for, except to run to seed as a fence in the country and furnish more or less annoyance as one in the city. Thanks to the efforts of an Ohioian, now domiciled by an untoward fate in the forest products laboratory of Michigan, we have found out. It is good for making dye stuff. Material can be extracted from it which will color cloth any shade of yellow, and is cheap in extraction and excellent in quality.

One of the sad things about the new geerymauder law that puts us back into the old Teuth district is that we will be kept awake nights listening to the howls of anguish from Ron Johnson, Dave Davies, Col. Marting, Judge Corn and others of their kind as they get harpooned off the political map by dear Homer Edwards, of Ironton, Ada and Columbus.

First fruits of the big banquet. Candidate Charlie McCormick has gotten together with himself to such an extent that he has announced that he may die in the last ditch but never, never will he allow himself to be pulled off in his campaign for the mayoralty nomination by promise of being taken care of.

Another little thing that disturbs us about going back into the old Teuth district is will we have to put up with Sherm Eagle a Bull Moose' around or will he just calmly take over the Grand Old Party in Gallia and march along as though nothing worth while had happened.

At the special water works election held last Saturday, Wheeling, W. Va., voted against issuing bonds to build a new water works plant, which was to have been on the L. E. Smith system. Which leads the Parkersburg State-Journal to remark that Wheeling prefers to remain a town where a spade is necessary when a bath is taken.

"I'm all swelled up with local pride," said the man who stands on the First National Bank corner every day in the year, holidays included. "The N. & W. started work on our new depot today, the first carload of equipment coming in. You can't keep us down." "Are they going to build it at Tenth and Waller where the old one stood," asked his friend who had dropped over from Fisher & Strick corner to pass the time o' day. "Now, I ain't talking about Portsmouth. I'm talking about my home town, McDermott. The N. & W. is alive to the growing needs of that metropolis and it is getting ready for the countless throng of travelers by providing suitable accommodations."

And so the legislature has fallen for that ancient graft known as Howe's Historical Reviews of Ohio, and has ordered 10,000 sets printed at state expense so that each member can have a dozen sets or so for distribution among their friends.

Pursuing the course of reasoning of the average Republican editor, we are inclined to charge that Gov. Willis is responsible for the bum weather of the past few days.

New York, May 19.—Gotham has just been discovering some things about its Mayor. Not many months ago it was learned that John P. Mitchell, the youthful chief executive, was a devoted dancer, fond of the one-step, the lame duck, the fox trot, and was extremely light on his patent leathered toes in time to syncopated tunes.

It revealed the man in a flash. For years he had appeared before pandemonium public gatherings with his humanity hidden in the public fog. When he began dancing, serene persons suggested that it was only a few steps to a waltz and lavender socks.

The mayor is nothing if not versatile. Just when people wondered if he wasn't a trifle of figurate the startling revelation comes that he is off to Wyoming to hunt grizzlies. The slender young executive, so ascetic, so debonair on the dance floor, is yet a big game hunter, truly Rooseveltian in his greed for the chase.

The Mysterious Man in White is worrying Fifth avenue and causing much gossip over the four o'clock cocktails in the wealthy clubs. He is certainly the Man in White—and very little of that. Tall, handsome, the unknown dresses in white trousers, exquisitely creased, low shoes and a thin silk shirt and virtually nothing more.

He has a magnificent head of hair which is unspoiled by any loadgear. In this manner and yet always elegant attire he has been appearing along the fashionable thoroughfare every afternoon at "parade time."

Some say he was seen during the cold days of last winter in the same attire. The other day, he carried a lovely pink rose, and

slanted the passersby with a lordly gesture.

The Riatta sidewalk comedians were disporting themselves on the sunny side of Times Square the other afternoon following the Coffey-Riatta boxing contest, won by Coffey.

"Well," ventured one "Coffey now has grounds for the belief as can whip Willard."

"But isn't Coffey in his cups pretty often?" asked another.

"Not at all," said a third. "Coffey has a good head."

"And he's been in many mills. He is used to the grind," said a fourth.

At this juncture Handsome Dan, the egg, made them move on and thereby prevented blushing as Loney Haskell had started for a gun.

The auto mail truck juggernaut, feeling the exhilaration of spring, has resumed its deadly work in the crowded streets of New York. Many lives have been lost as the result of Uncle Sam's reckless and brainless drivers.

One driver went whizzing through Forty-Second street last week at the rate of twelve miles an hour. Scores of people had to jump for their lives and one man tried to jump over the eight foot wall at the public library.

The driver was caught and when taken to Yorkville Court he gave as his sole defense that "he carried important mail and was late for his train." Just to show how important he thought the mail was, the judge fined the driver \$50 and sent him to jail for five days.

The literary folk were sorry to learn of the retirement of Col.

The Sixteenth Annual Commencement of the Valley township High School at Lucasville will be held Thursday evening in the M. B. church at Lucasville. Special music for the program will be furnished by Bode's orchestra. The class roll includes Esther Lucile Peismeyer, Miriam Lorraine Brant, Fayla Bricker and Bryant J. Vandivort. The class motto is "Is Out of School Life, Into Life's School." The commencement exercises will start at eight o'clock. Hon. Henry T. Bannion of this city is to make the commencement address. Rev. I. C. Peismeyer delivered the baccalaureate sermon last Sunday evening at the M. B. church.

The Junior-Senior banquet held at the high school Tuesday evening was the best ever held by the Junior and Senior classes of Valley township high school. About forty students attended the banquet.

**WANT FLOOD WALL**

A petition containing the signatures of about 150 property owners of Mill and Front streets will be presented to city council tonight asking that immediate steps be taken towards building the proposed flood wall extension. Craddock Phillips and James Pollard had charge of the petitions.

**No Developments  
In Plumbers' Affair**

No new developments were reported in the plumbers' controversy today. Harry Strong, business agent for the Building Trades Council, announcing that his side had nothing to give out for publication.

**WITH THE SICK**

Mrs. Warner Clark of John street, is convalescing from a two weeks' illness of tonsillitis.

Dr. S. P. Fetter continues to regain his strength slowly and his chances for recovery are growing stronger each day. His general condition is better the attending physicians assert.

B. Augustin Sr., of Front and Court street continues to improve from his recent illness.

Walter James, who has been ill with pneumonia for two weeks, is so much better that he is now considered out of danger. He lives on Union street.

Ed Petry, of Fourth street, who is employed at the Kelly shoe factory, underwent a surgical operation a few days ago for the removal of a tumor from his right hand.

Bruce Patton, of Sciotoville, who has been seriously ill with malaria and typhoid fever, is no longer considered out of danger. He lives on Union street.

The condition of Jacob Messer, mayor of Oak Hill, who has been ill for some time past, is reported unchanged. He was for a short time a patient at Hempstead hospital.

Mrs. Ellen Wertz was removed from the home of her son-in-law, Walter Chick, of Grimes avenue, to Hempstead hospital Wednesday for a surgical operation. She is a sister of Police Officer Joe Stokley.

W. E. Atkins will leave the last of the week for a month's stay at Hot Springs, Ark. Mr. Atkins, who has been in poor health for some time, will take a course of treatment at the army and navy hospital there.

The home of Mr. and Mrs. Nate B. Gilliland, on Franklin avenue, was the scene of a pretty wedding at high noon today when Mr. Gilliland's cousin, Miss Maud Gilliland, and Mr. Walter Baylon, both of near South Webster, were married in the presence of the immediate family. Rev. Green Willis, a Baptist minister of Potosi, who has a charge at Sciotoville and also fronton, said the impressive ceremony. The attendants were Miss Blanche Gilliland, sister of the bride, and Mr. Evan R. Gilliland, cousin of the bride. The sweet young bride was attired in a dainty white gown and carried bride roses. Her maid also wore white and carried an armful of Killarney roses. The ceremony was followed by an elegant dinner at the Gilliland home, where covers were laid for the young couple and their attendants. Rev. Green Willis, Mr. Stanley McDuffy, Mr. Allan Slattery, Mr. and Mrs. Gilliland and family. The bride is an attractive young woman, the daughter of C. E. Gilliland, and the groom a splendid young man, son of Riley Barton, both of near South Webster. The bride and groom left on the afternoon R. & O. train for South Webster, where they will make their home on the groom's farm.

Mrs. Carl Brock entertained Mrs. David Evans' class of the Methodist Sunday school of Sciotoville last evening at her home. Among various diversions was a guessing contest, "A Penny for Your Thoughts." Prof. R. B. Reed, Mr. R. M. Brant and Mr. Will Ekins were tied for the prize, and by drawing straws Mr. Reed won a box of candy and the other two were presented with clusters of pumies. The happy prize was awarded to Miss Clara Foy, who was presented with a china pig bank. Music and games also added to the pleasures. Ice cream, cake, strawberries and orangeade were served by the hostess, assisted by Mrs. John Durendek, Mrs. Clara Foy and Miss Myrtle Stewart. The favors were small silk flags. Those present were Messrs. and Mesdames A. E. Miller, O. B. Barkley, Carl Brock, Mrs. David Evans, Mrs. Will Cunningham, Mrs. John Durendek, Mrs. May White, Misses Laura Pratt, Irene Brant, Hazel Marling, Vera Bentley, Ruth Belmont, Nell Brader, Clara Foy, Ella Taylor and Myrtle Stewart; Messrs. Carl Brant, Will Ekins, Orville Parley, Melvin Bentley, R. B. Reed, Dr. S. E. Moorhead, Willard Frank and Earl Durendek.

The pretty country home of Mr. and Mrs. W. C. House, on the West Side, was the scene of an elegant dinner yesterday at noon in celebration of the birthday anniversary of their daughter, Mrs. Fred Becker. The guests were Rev. and Mrs. J. W. Dillon, Mrs. G. D. Waite, Mrs. John Dillon, P. H. Dillon, Mr. and Mrs. Philip Hise, Judge Harry Ball, Mrs. Rose Lantieri, Mrs. Florence Lindsay, Mrs. Ella Evans, of Friendship, Mr. Leroy Smith and daughter, Miss Mary Smith. Mrs. Becker was the recipient of many pretty gifts.

Mrs. James Payton of West Rhodes avenue, who left a washing out on the line over night, Monday, found several articles of clothing missing Tuesday morning. A coat was taken from the back porch of the house home on Gallia pike Monday night.

Paul Saulz, son of Mr. and Mrs. Paul Saulz of East Rhodes avenue, fell while gathering flowers Tuesday and sprained his left arm.

Council will meet in adjourned session tonight (Wednesday) 7:30 o'clock. Four ordinances are to be passed and Engineer Harper's storm and sanitary sewers plan is to be approved.

Isaac Wells, deputy marshal, is circulating his petition for marshal on the Republican ticket.

W. P. Harr, Republican councilman, has decided to run again for council. He is circulating his petition which is being signed by many.

Edward Conley had his right arm badly burned Tuesday night while working in a short mill at the Whitaker-Glessner plant. Hot grease from the necks of the rolls popped on Conley's arm and he will be off duty for about three weeks.

Will Morgan, chef at the Parks' cafe, averted a fire Tuesday morning when he discovered rugs in the left of the barn in the rear of the saloon burning. Morgan discovered the fire by the odor of rugs burning and after flinging out the fire in the saloon made a search of the stable. Hoboes who are thought to have slept in the barn over night are blamed for the fire.

James Hill, of East Rhodes avenue, has received word from his brother, Omar Hill, who is in a "tubercular" hospital at Fort Stanton, New Mexico. He is very low and no hopes are held for his recovery.

Plumber Will Huff, of Gallia pike, completed the work of putting in a water line at the Fred Pasmann home on Gallia pike, Tuesday.

Village Engineer Sam Harper had a narrow escape from being run down by an automobile Tuesday on Seventeenth street. Harper was busy watching a street car and an automobile that came near crashing when another machine came from behind the street car and headed for him.

He threw an air-brake and stopped within a few feet of Harper who was so scared he could not move from the spot for a few seconds.

Tickets for the benefit show to be given by the Cub baseball nine at the Davis theatre Friday night are selling rapidly. Uniforms will be purchased with the proceeds.

Kaps Bros. are making splendid headway with the Stanton avenue school addition. The bricklayers will resume work as soon as concrete for the second floor is poured. The addition is to be completed in time for occupancy at the opening of the school term in September.

The Greater New York Floating Theatre will be at the foot of Ohio avenue, Friday evening.

Charles Noel and a force of men are busy setting out stakes in the water of Turkey Run which will be taken care of by the construction of a three foot sewer. Over 12,000 cubic yards of dirt will be necessary to make the fill. Kaps Bros. who were awarded the contract for the work will begin work within the next two weeks on the cutting and grading. The other bidders on the work were James A. Kelley, Hudson & Brokaw, Henry Ruel and S. Monroe & Sons.

A number of small repairs are being made to the Millbrook Casino which will be used for the first time this year by the Ben Hurns, May 31st. The village high school commencement will be held at the Casino Tuesday.

evening that offers of additional territorial concessions had been received from Austria.

Rumania's attitude regarding the war is being watched with keenest interest as no official announcement has been made as to whether the cordial relations which always have existed between that country and Italy have been transformed into an actual alliance. There undoubtedly is a diplomatic understanding between the two governments as Prince Ghika, the Rumanian minister, is the only foreign diplomat who has had long daily interviews with Foreign Minister Sonnino during the past fortnight.

Count Von Thun, Hopenstein of Trent, grand master of the Knights of Malta, an Austrian subject left today for Vienna after an audience with Pope Benedict.

The Green book containing diplomatic documents designed to show the attitude of Italy since the beginning of the war, and the efforts made to reconcile the obligations of the triple alliance with Italian nation aspirations was "set up" in one night by the typesetters employed by the chamber of deputies. Every precaution was taken to prevent the printers from communicating with persons outside their office and they were reminded that any betrayal of the secrets contained in the Green book would make them punishable by severe imprisonment under the law recently enacted for the defense of the state.

schools, so far at least, as it endeavors to quicken the peace sentiment by impressing upon the minds of the young children the horrors or the economical losses of war.

Without naming any of the belligerents, Dr. Hilben asserted that one obstacle tending to obstruct the progress of peace will be that the present situation has developed certain usages which will revolutionize the accepted restrictions of international law so that hereafter all immemorial obligations of nations to nations in a situation of war will be swept away.

"This is not a question of mere academic interest which we are discussing," he concluded. We as a nation are looking into a future that is dark and mysterious. In the high tension of international hate and national catastrophe.

"We dare not trade honor for peace. We dare not betray duty in order that we may bargain for peace. We dare not indulge ourselves in the enjoyment of the blessings of peace while we turn deaf ears to the cry of distress or to the summons of a righteous cause."

Never in the twenty-one years of its existence had the Lake Mohonk conference heard such a call to arms. The Princeton president's appeal aroused intense interest and discussion among more than 200 delegates here from all parts of the country.

Other speakers at the operating session were Theodore Marling of Baltimore, former minister to Belgium and John Barrett, director general of the Pan-American union.

**DON'T WASH YOUR  
HAIR WITH SOAP**

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap, and keeps your hair soft and healthy. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and dries out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## GETTING READY FOR PATRIOTIC MEETING

Arrangements for the big patriotic meeting at the high school auditorium Friday evening are still being shaped up, as there have been some additions and a few alterations in both parade and program.

One very prominent organization not heretofore mentioned in these writings that will participate in the patriotic gathering is the D. A. R. At the first meeting held by the general committee Mr. Wm. F. Bayless was detailed to extend this organization a special invitation to attend, but in the rush of other matters and the great detail of work the committee has had to do his report was overlooked by the reporter.

A distinct loss will be the absence of the Pilgrim Singers, they being unable to fill their engagement. One member, Mr. Edwards goes to Oak Hill to attend commencement, in which his sister is a graduate, and the boys have no time to drill another man to take his place, even if that were possible. The committee is now trying to secure another splendid quartet, and hope to succeed. Anyway this number will be filled in on the program.

Capt. Edw. Warren of John A. Logan Camp, Friendship, was in town this morning and stated both the camp and auxiliary would be in town and in line. Friday evening. Capt. Wm. Thompson of Harrisonville, has been asked to bring in Lois Camp and he never fails to get in on time.

The automobile list is still growing and now numbers 24, big cars every one. The following gentlemen have been added to the list of those who have so kindly donated their cars for to take the old boys of G. A. R. and their ladies in parade Friday evening, since the last list was published: Geo. E. Krieger, Fred N. Tynes, Moses Lehman and Lee Watkins. Only six more cars are needed. Those wishing on list will notify Harry M. Sickles, Times office or 511 Seventh street.

Major General Harry W. Matt, grand marshal of parade, will issue orders and complete instructions Thursday or Friday.

## SEEK ATTRACTIONS FOR KORN KARNIVAL

St. Straus, chairman of the amusement committee of the Korn Karnival, is in communication with the Oscar Weisner company of Kansas City relative to securing "Fighting the Plaines" or a similar attraction, for the Karnival to be held in October. Every effort will be made to secure an attraction of this magnitude, as it would prove a great feature of the Karnival.

J. H. Varner is in communication with the Zarro Amusement Device Company of Beaver Falls, Pa., relative to attractions for the Karnival. Those in charge of the amusement end of the Karnival will bend every effort to make this department of the big show one of its very strongest features and will keep in touch with many of the best attractions in the country.

## TWO ESCAPE FROM THE ATHENS HOSPITAL

Probate Judge Beatty received word Wednesday morning that Bird Nelson and Alvin Martin, inmates of the Athens hospital for the insane from this county, had escaped from that institution Monday evening and were still at large. The two men were among a number of inmates who had been taken to the

motion picture theatre on the hospital grounds Monday evening. In some manner they eluded the guards and succeeded in making their getaway. Local authorities have been notified to keep a sharp lookout for the two men and apprehend them, if possible.

## Squatters Stick

The police have finished serving notices to shantymen to move from the site of W. G. and James Williams' proposed bathing beach but without any immediate results. It has therefore been suggested to the lessees that they bring ejectment proceedings to get rid of the "squatters."

## Council Session To Be Busy One

A resolution will be presented at tonight's city council meeting declaring it necessary to proceed with the paving of the old Childs road from Grant to Seventh streets.

An ordinance will also be introduced for the building of an extension of the old Sixth ward combination storm and sanitary sewer past the Portsmouth Paving Brick company's plant. A. C. Balbs will submit a proposition to council for the right of placing 250 combination street markers and waste paper receptacles on street corners, without cost to the city. Jay Lee Cross, Staiger Bros. and Val Lee were granted similar privileges but only the latter availed himself of the right.

The street committee too is expected to make a favorable report on the proposed paving of Kendall avenue from the railroad tracks north to Gallia street.

## Hatton Robbery Is Still A Mystery

The police investigation of the circumstances surrounding the arrest of Arch Kimble for alleged kidnapping, money under false pretenses from H. T. Hatton was resumed Wednesday morning.

Kimble, himself, had nothing new to disclose, but Pate Davis got tangled up in the case by the undue interest he seemed to have displayed. He, it was brought out in court, had been with Kimble when the latter was arrested by Detective Mann, whom Mr. Hatton had engaged to shadow Kimble, and after he was locked up made a couple of trips to the city prison to see Kimble. He admitted having held Kimble's money in trust for him, but denied having had any knowledge of how Kimble came into possession of the money. He also disclaimed all knowledge of the watches stolen from the Hatton loan office.

Sentence upon Kimble was again deferred until Thursday, the court hoping that he will eventually break his silence and tell what he may know about the Hatton robbery. Kimble had gone to Mr. Hatton and is said to have proposed that for twenty dollars he could recover some of the stolen watches. Mr. Hatton "took a long shot at him" and gave him the money, then quietly hired the detective to watch him. Kimble, it was found, was spending the money at North End saloons. He was arrested after he had spent three dollars. Without

attracting the officer's attention he managed to slip the balance to Carl Odle, who, after learning the facts, gave the money to Davis. The latter later gave it back to him and had her to look it up. Next day the money was delivered up to Kimble's mother and by her turned over to the police officials. Davis was ordered to appear again Thursday as a witness.

## ACCUSED OF SELLING LARD THAT IS IMPURE

Affidavits, charging two local butchers with selling impure lard, were filed in Squire Byron's court this morning by J. Frank Robeson, inspector for the Ohio Agricultural Commission. The accused are S. W. Miles, of Gallia street, and Edward Nagel, of Twelfth street.

Mr. Robeson visited Portsmouth on March 3rd last and claims to have made several purchases of food products throughout the city. He says he bought quantities of lard at

the butcher shops of Miles and Nagel, which examination in the chemistry department of the Agricultural department disclosed contained cotton seed oil. The state department claims that the presence of cotton seed oil brings the lard below the standard of quality.

The two men will be brought before Squire Byron to answer to the charges preferred against them at a time to be assigned later.

Inspector Robeson said today that he would make other inspections about the city during his present visit.

### To the Business Men of Portsmouth

The prosperity of a city is in direct proportion to the local pride. Where local pride runs high, prosperity has a firm foothold. Such a town is a good place to live and do business in.

Pain helps in a remarkable degree in spreading an impression of prosperity throughout a community. It gives a fresh, new, inviting look wherever it is used. Municipal buildings, stores and homes feel its good effects. Growing business is found to be one of the direct results of a liberal use of paint, not from any magic in the paint, but because of the pride which is stimulated.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 60. Residence A-498.

Fullerton, Ky.—Miss Dolly Wise.—I am going to ask you help for the second time, as you helped me so much the first time. There is a fellow who has just moved in our little village and from the first I felt a deep admiration for him. Each time I see him, I find he is always on my mind more than the other fellow I go with. I find my eyes a lingering on him when he is around. He also seeks my company, but before I met him I became engaged to another fellow. Please tell me how to cast this fellow from my mind.

"TROUBLED." Better stick to your home-grown boy—at least until you find out something about your strange friend. I never could understand why girls and boys will turn down a perfectly tried and true friend for a stranger who happens to appear in their midst, and whom they know absolutely nothing about. The man might have several wives for all you know. Beware of smooth strangers little one, whatever you do.

Fullerton, Ky.—Miss Dolly Wise.—Miss Wise do you know where the U. S. are going to war or not? Also please print the countries that are having war now, and Dolly if the U. S. goes into war, do you think it will take our Fullerton boys?

"IGNORANT." The U. S. is not going to war—that is if there is any possible way to avoid it, so you need

not worry about the Fullerton boys. Even if we were forced into war the present army and navy could probably take care of the situation. The following countries are now engaged in warfare: England, France, Germany, Belgium, Austria-Hungary, Russia and Serbia.

Miss Dolly Wise.—If one has insurance in the company or any Industrial Insurance Co., can he drop the payment on same and not lose all he has paid into it? What is the law covering such a case?

X. Y. Z. Read your contract over carefully and you will find out what you want to know.

Dear Dolly.—Do you think we judge others by ourselves? How should we treat a sensitive person?

A READER. Treat them with every possible consideration. Sensitive people are a misery to themselves and everyone else.

Dear Dolly.—I see so much about Leo Frank, of Georgia. What is he supposed to have done? We have read several sketches but nothing definite for what he has been convicted for.

PETITIONER. He has been convicted twice and sentenced to be hung for the murder of Miss Mary Phagan, a 14-year-old factory girl. The crime is alleged to have been committed in the basement of a pencil factory where the girl was employed.

Dear Miss Wise.—I am in a lot of trouble. Will you please help me. I am going with a girl and she seems to like to go with the other boys in my presence just to tease me and then laughs about it. There is another girl I like almost as well, and she doesn't go with any boys. Would you advise me to go with this girl that likes to tease me or try to win the other girl's love? How is my writing and spelling?

CUTIE. Why not do a little teasing on your own hook by going with the other girl, Cutie. Your writing is too small to look nice. Your spelling is all right but you do

not know how to punctuate a letter.

Dear Dolly.—I think I saw a cure for the drink habit in your paper some time ago. I would like for you to print it again, as my husband is drinking very badly and I would like to do something to save him before it is too late.

ANXIOUS WIFE. Drink Cure—5 grains of sulphate of iron, 10 grains of magnesia, 1 drachm of spirits of nutmeg. Mix and dissolve in half pint of lukewarm water. Let stand until settled, which will be two or three days. Dose, one teaspoonful two or three times a day. It can be given in any liquid substance and is absolutely harmless. It is said to stop the craving.

Want-To-Know.—Such things are taking place every day and according to the laws of the state are considered all right, but personally I think the same as your friends that it is not the proper thing to do. However, it is a matter you will have to settle for yourself.

O. S.—I do not think any one would employ a girl of your age, even though you had a school certificate. However you might be able to work a few hours each day either in the factory, taking care of children or assisting with light housework.

Dear Miss Wise.—I would like to ask your advice about a matter that has worried me quite a little. I have a girl friend that I think the world of but of late I have heard through a friend that she is not doing right. Being a man I do not feel like taking a matter of this kind up and yet I feel like a cad or a coward if I don't, as I think I can do more than anybody else about this matter. I think I could influence her to do better, now what would you do in this matter?

RED. If you are a very dear friend, you might have a talk with the girl and try to influence her to lead a better life, or give up her evil companions if they are causing her to lead a wayward life. It would be a real act of charity, I think.

## SOCIETY

Mrs. Frank E. Duda and Mrs. Charlotte E. Dowling were hostesses at a delightful Kensington this afternoon at Mrs. Duda's home on Fourth street, which was given for the benefit of the Fresh

The Second Presbyterian church was well filled last evening when the splendid musical for the benefit of the Day Nursery was given. The numbers were all excellently rendered by some of the best musical talent in the city. The vocal solo to have been given by Mr. J. Adam Burkel was omitted on account of him having a cold. The audience was very appreciative. All denominated were represented. Rev. Mr. McAfee's talk was fine and to the point. The committee feel much gratified over the result of the musical, which amounted to \$65.20, with others who had promised money, to hear from. The greatest appreciation is expressed for those who took their splendid parts on the program. The committee wishes to thank the musicians and readers in making the affair a success, and the people of the Second Presbyterian church for the use of their beautiful church, organ and piano. During the time the offering was taken Miss Edna Marting played beautifully on the organ. Mrs. Wickerham played the accompaniment beautifully on the organ. The ushers were Misses Marjorie Pursell, Alice Johnston, Teresa Kennedy, Hazel Drew, Emma Johnson, Stella McCall, Louise Small, Gertrude Davidson and Mrs. Marie Bridges. Mr. and Mrs. Clarence Coldiron who have been living at 1511 Robinson avenue are moving to Culbertson, where they will make their home with Mr. Coldiron's parents.

Mrs. Howard Zimmerman and little daughter, Dorothy, of Cincinnati are the guests at the homes of Mrs. John Thompson and Mrs. R. E. Mason.

Miss Mary Schumm, daughter of Mr. and Mrs. Fred Schumm, formerly of this city, now located in Detroit, Michigan, and Mr. Joseph Boggan, of Detroit, will be married on the morning of June 23rd, 1915. Miss Schumm formerly made her

home with Mr. and Mrs. Elmore Bickel and was employed in the office of the Selby Shoe Company prior to her going to the home of her parents in Detroit. Mr. Boggan is in the automobile business in Detroit and was formerly the western representative of the Hupp Auto Company, covering several western states.

Mr. and Mrs. John Thompson and daughter, Gladys, have returned from Cincinnati, where they have been visiting for a few days.

Mrs. Joseph Fuhs left Wednesday for Dogwood Ridge, where she will visit Mrs. John Miller, who has been ill for many weeks. Mrs. Fuhs will also attend the class play of the Wheelersburg High School graduating class tonight.

The handsome home of Mr. and Mrs. T. M. Patterson on Ninth street, was the scene of a lovely party this afternoon when Mrs. Patterson and Mrs. A. E. Everard entertained with a Kensington complimentary to Mrs. G. W. Anderson, of Seattle, Wash. The rooms were beautifully decorated in pink and white blossoms. The guests enjoyed the afternoon in fancy work and conversation. In serving the dainty refreshments the hostesses were assisted by Helen Patterson, Anna Morris and Ruth Streich. The guest list included Mesdames G. W. Anderson, W. B. Anderson, J. C. Alther, G. D. Selby, William Higgins, W. D. Tromper, Irving Drew, John E. Williams, J. J. Hardin, Lawrence Neudorfer, J. N. Grimes, Misses Margaret Firmstone and Kate Reilly.

The Bigelow Methodist Woman's Foreign Missionary Society held a splendid meeting yesterday afternoon at the home of Mrs. P. B. Duda where there were twenty-six members and six visitors present. Mrs. W. D. Gilliland had the Current Events. The assisting hostesses were Mesdames J. O. Selby, John Littlejohn, Earl Pursell, Edward Stritt.

Friends of Frank B. Schleinhage and Miss Lillian M. Henderson will be surprised to learn of their marriage, which was solemnized in Cincinnati, Monday. Mr. Schleinhage is employed by the Portsmouth Engine Company and is a splendid young man well worthy of the lovely young woman he has taken to himself as a bride. Miss Henderson is a well known milliner and had been for some time employed by Miss M. A. Coe and later by Mrs. Carter Brown. After a short honeymoon trip Mr. and Mrs. Schleinhage will return to Portsmouth.

## The One Thing We Do

To excel in one particular line is the ambition of any going, growing concern.

Our ambition is to render you real service in laundry work.

The mere matter of laundering your garments is but a part of the American Steam Laundry Co. service.

Regularity of collections; quick response on special calls; modern machinery, methods of efficiency; experts in every department, mending and darning, inspection and delivery are other essentials to S-E-R-V-I-C-E as it is spelled and meant here.

We'll welcome an opportunity to demonstrate just what real laundry service means.

## TIMES SERVICE PATTERN 1293

1293. A charming group of bonnets. For "little" girls there is nothing more attractive and becoming than a "love of a bonnet" and in the three styles here shown one will find new and attractive features. The models are all easy to develop and will look equally well in lawn, mull, chiffon, batiste, crepe, silk, velvet, corduroy, poplin, repp or cloth. No. 1 shows a plain style with gathered head or bonnet portion. This in poplin or soft silk, or in crepe de chine, would be nice, a tiny ruche of mull could be set in under the front edge and the strings of material or ribbon would hold the bonnet securely in place. For No. 2, one could select lawn or batiste for summer, with facing of embroidery or edging, and for cold weather, velvet, or corduroy or a combination of silk and either of these materials, with perhaps a flush of fur or brand would be suitable. This style is also good for cloth, cashmere, Bedford cord or poplin. For No. 3, the same materials are attractive that one would use for the other styles. The scalloped facing on this is nice for embroidery, and the model is a good one for lawn or pique. The patterns are cut in 3 sizes: 6 months, 1 and 2 years. A one year size will require 3/4 yard for No. 1, 1 of 30-inch material, 1 1/4 yard for No. 2, of 20-inch material, and 3/4 yard of 20 inch material for No. 3. A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

## FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped  
By Common Sense  
Suggestions.

Women suffering from any form of female ill are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; this has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

## VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not irritate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe the may-apple root (pocophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any drug store in convenient sugar-coated tablet form by asking for Scatrol Laxative. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poison that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never grip. And they are a bowel tonic as well as a cleanser and liver regulator. A little box should last one several weeks. A physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Scatrol Remedies Co., 802 Madison Ave., Covington, Ky.

## Dealers Are Granted Fireworks Privilege

The request of dealers to be permitted to sell fire works to parents on the evening of July 3rd and to children on July 5th has been granted by the police officials.

This does not include blank cartridges, guns and such other articles which may be classed in the list of fire arms to be used only on Monday, the fifth day of July.

The dealers are requested to set out in their advertisements and have their sales employees to advise purchasers that the goods bought on the third cannot, under any circumstances be used before Monday. Sunday being the Fourth prohibits in every way celebrating by the use of fire works and the use of such must be strictly confined to the one day and as far as possible safeguard life and property interests.

## BEN HUR PLAN FOR MILLBROOK OPENING

The Ben Hur Marine Club will hold a rehearsal at the Millbrook Casino, Wednesday night, of a play entitled "On The Little Big Horn" which will be given at Millbrook, May 31.

The cast calls for fifteen characters. The scenery has arrived and has been set up and the costumes are expected in a few days. Paul Wilson is directing the play.

The Tribe of Ben Hur is making elaborate plans for the opening of Millbrook Park which will

be on May 31 as Decoration Day comes on Sunday. There will be contests of all kinds, the usual number of races, etc. The play will be given in the afternoon and evening. The Boy Scouts will give a demonstration between 4:30 and 5 o'clock. They will demonstrate in signaling, first aid, camp craft, athletic stunts and building pyramids. There will be dancing, skating and boating. Frankfort and Portsmouth will play a morning and afternoon game at the ball park.

## Say Surge Pumps Are A Necessity

The J. F. Wilmer company considers the installation of a surge tank at the new city pumping station as necessary to the proper operation of the high duty pumps and believes that the question of whether the city or the John H. McGowan company should pay for it should be threshed out in the general windup after the works

are completed. In the opinion of the company the tank should not cost more than two or three hundred dollars. The city officials have taken the stand that they will not bear this expense, holding that the city should not pay for anything necessary to make the plant right and that it is up to the McGowan company.

## Mrs. J. L. Creasy Is Medal Winner

Mrs. J. L. Creasy was awarded the medal at the Matrons' contest arranged by the Central and Kendall Avenue Unions at the Trinity M. E. church Tuesday evening. The judges, Prof. Frank Appel, Prof. Charles M. Weyand and Mrs. A. Holland, decided that her recitation, "In The Kags," was the best of the evening. Second

prize went to Mrs. Rosa Ward, and third prize to Mrs. Frank Ward. A large crowd was present, and enjoyed an entertaining program, which included musical numbers, solos, recitations, songs, and readings. A silver offering was taken which was applied to the fund of the W. C. T. U.

## Stagnant Blood Given A Quick Impulse

Wonderful Activity Imparted by a Famous Remedy.

The appearance of pimples, boils, skin eruptions and all evidence of impure blood, calls for S. S. S., the famous blood purifier. Catarrhs, ulcers, bowel troubles and laziness won't do. No amount of bile will destroy certain germs which cause blood and skin eruptions. They are away down deep in the tissues, perhaps in the very marrow of the bone. And such a condition calls for the searching influence of S. S. S. It is indeed a remarkable remedy, since it is taken up by the blood stream and never leaves its medicinal influence. On and on it goes, through and through the entire system and always with the same definite action to dissolve germs, destroy their activity and stimulate the liver, lungs, kidneys, bowels and skin to throw them out completely.

It attains the impure blood, provides a natural exhalation to the nerve centers and thereby the natural functions of the body are unobstructed to cast out impurities, no matter how strongly entrenched they may be. It refutes the ancient theory that to destroy within the germs that eat into our vital cells for drugs that destroy our very existence. Get a bottle of S. S. S. today as your druggist and write at once to the Medical Adviser, The Scott's Specific Co., 108 Swift Bldg., Atlanta, Ga. Do not accept a substitute. Insist upon what you ask for.

## Moose Make Fine Sum On Carnival

About \$200 was realized by the Loyalty Order of Moose as its share of the carnival given under its auspices in the West End last week.

Two members of the committee in charge of the carnival were absent from the meeting last evening, and a complete report could not be furnished, but one of the members stated that the net receipts would be about \$200. A report of the receipts will be made at the next meeting.

## Social Postponed

Owing to the inclemency of the weather, the ice cream social which was to be given by the Loyalty Order of the First Christian Bible school at the Woolam home, Eighth and John streets, tomorrow night, has been postponed for one week or until Thursday evening, May 27. The tickets which have already been sold will be good for May 27. All members of the class will govern themselves accordingly.

## NEW LAW SHOULD ENCOURAGE SAVING

Every person in the United States ten years old or over may open an account in a postal savings bank after July 1st, according to an instructive leaflet on the Postal Savings System just issued by Postmaster General Burleson. This important extension of the service will be made possible by permitting persons living in communities so sparsely settled as not to justify the designation of their local post offices as regular postal savings banks to open accounts by mail.

Under the plan adopted by the Postmaster General for opening accounts by mail an intending depositor, residing where there is no regularly designated postal savings bank, will apply to his local postmaster who will see that necessary identification data is prepared and forwarded to a nearby post office authorized to accept deposits. The intending depositor will then be given permission to forward his first and subsequent deposits by money order or registered mail direct to the postmaster at the banking point for which receipts or certificates will be issued. He may withdraw all or any part of his postal savings by mail and on demand together with any interest that may be due him.

The new leaflet points out that any person ten years old or over may open an account in his or her own name; that an account may be opened by a married woman free from any control or interference by her husband; that post office officials are forbidden to disclose to any person, except the depositor, the amount of any deposits; that withdrawals may be made without previous notice; and that the Government guarantees to repay all deposits on demand with accrued interest. Postal savings receipts have

## Railroad Winner

Verdict for the defendant, the B. & O. S. W. railroad company, was awarded by a jury in common pleas court late Tuesday afternoon in the damage case of Jas. E. and Henry Kaps against the company. The Kaps brothers claimed damages for a warehouse valued at \$250 which they claim the agents of the railroad company destroyed soon after the 1913 flood. It had washed onto the right-of-way of the railroad company, they claim.

Kaps Brothers were represented by Attorneys Moulton and Daehler, with John P. Phillips of Chillicothe and George M. Osborn for the defendant. The verdict was unanimous.

## POLICE RAID JENKINS HOME

Capt. Grant Cooper and a squad of police officers raided the home of Hazel Jenkins, Thirtieth and Railroad streets, Wednesday morning at 2:30 o'clock. A couple giving the names of Ed Stiffers and Miss Bessie Conley besides the Jenkins woman were arrested. The latter was released on \$25 bond while the other two gave bonds of \$10 each for their appearance in police court.

All three failed to answer to their names when called in court, thereby forfeiting their bonds.

## Huntington Has Regulated Jitneys

Huntington, W. Va., May 19—Drastic regulation of motor bus transportation of passengers was provided for in an ordinance adopted yesterday by the board of commissioners. This action followed the advent a few weeks ago of the so-called "jitneys" which have become highly numerous, covering miscellaneous the main thoroughfares of travel. The important provisions of the bill follow:

Licenses of \$50 for four passenger and \$75 for seven passenger cars is required. Surety or satisfactory personal bond of \$5,000 must be put up as a protection to the public in cases of accident. Drivers or owners must file routes to be followed and hours during which the buses run and must rigidly observe these hours and routes excepting in case of accident. Buses must run seven days a

"The Standard of Value and Quality"

## If Your Car Is A Paige, You Can Depend Upon It

There's a heap of satisfaction in owning a car that's always ready—always reliable—always dependable.

When you start off on a week-end "jaunt" you want to know that you are coming back in that car—not shamefacedly in a railroad train or a hired "team."

You don't want to make apologies for your car—you don't want to pass up the really worth while long trips because they are "out of the garage zone."

You want to feel that you can go anywhere—confidently and light-heartedly.

If you are to discover one-half of the real joy of motoring, you must drive a car that practically "takes care of itself"—a car that permits you to relax and drink in the woody breath of the forest or the thrilling ozone of the sea.

That's why you need a good car—a reliable car. That's why you need a Paige.

## Reliability In The Six-"46"

Consider the following essentials of Paige Value—a combination of high grade features found on no other Light Six regardless of price.

The first essential of reliability in a motor car, of course, centers in the power plant. With the Six "46" you will find the celebrated Paige-Continental 3½ x 5¼ motor. It is freely conceded that Continental means undisputed leadership in Sixes, and this motor is the result of close co-operation between both Paige and Continental engineers. For smoothness, flexibility and power, here is the highest development found in the light Six field.

No matter what the weather conditions may be, you need never worry about the starting of your motor when you have the Gray & Davis starting and lighting system and the Rayfield carburetor. Here is a combination of the most expensive starting and lighting system that a manufacturer can place on his car and carburetor that is always positive—always efficient.

Then, there is a velvety acting multiple disc clutch with cork inserts, newest

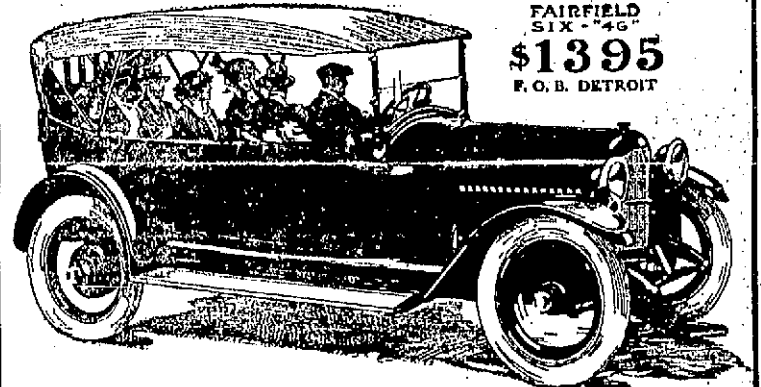

type zigzag radiator, resilient cantilever springs, the world famous Bosch magneto, floating type rear axle and powerful brakes with positive action on the steepest hills. No better—no more dependable features can be found on any car at any price.

The Six "46" is a real seven-passenger car of 124-inch wheelbase—not merely a five-passenger car with two extra seats. The lines of the body are the last word in European stream line, the upholstery is genuine leather throughout, and no feature which will contribute to luxurious comfort is missing in the equipment and appointments.

But see this wonderful motor car for yourself. Ride in it—drive it. Then you will see for yourself the combination of high grade features found in no other light Six, whatever the price.

Make it a point to see the Paige dealer today.

## Last Game Was Grabbed By Locals, Lexington Today

Lexington, May 18.—On a slow field the Smithmen lowered their colors, Tuesday afternoon to the Spencerians, leading from Portsmouth and the other two, who dropped low, under the weight of a 6 to 2 score.

Allen Tedrow, who has kicked in with the only winner running up against the Cobs, accomplished his own ruin in the third inning with two down, when he chucked an easy out far over the head of Stadfeld, who was covering second base and allowed three runs to score.

The S. O. S. sign was sent up and "Oh, Deloitte answered it with a double shuffle to the mound. Oscar then pitched a brand of ball that would win an ordinary game but the breaks, it seemed to Lexington fans at least, went to Portsmouth and they chuckled up another victory. McCall, chosen for sharpshooting duty by Manager Spencer, performed his part nobly and with skill edged support, prevented the Nailers from piling up the runs, which it seemed that they would secure on divers occasions.

Once the infield failed to draw in to cut off a first out at the plate and a run by Manager Smith, which would have been good for a trip had it eluded the waiting Bush and it assuredly would have done so had he been playing his proper position for the play; again Calbert drove deep to center on a line smash that looked good for three fourths the circuit but it was made a circus show and out it off. Tedrow picked off an apparent easy smash to left with a one-hand stab and Calton performed weird stunts at short that made it appear that he had slept in a blacksmith shop, surrounded by horseshoe pillows or in a bed of four leaf clovers.

Ironton opened auspiciously, Ollom striking at first in the error room, Bush musing his ground smashes then Calbert hit to center and Ollom advanced to second from whence he scored on Stadfeld's safe blow to right. That was all for the first inning but in the third the locals added another after Ollom had doubled to left and counted on Smith's single. The scoring, as far as Ironton was concerned ended there. The game follows:

**FIRST INNING**  
Portsmouth—Dillhoefer singled to right, but was forced on Sharmann's rap to Tedrow. Mills out Tedrow to Smith. Ironton—Ollom safe on Bush's error. Gilmore flied to Caton. Calbert's fly was missed by Sharmann and he was credited with a hit. Smith flied to Dillhoefer. Stadfeld singled to right scoring Ollom. Perry fanned on called strikes.

**SECOND INNING**  
Portsmouth—Spencer singled over second. Caton sacrificed. Spencer took third on a wild pitch. Bush walked. Tedrow hit into a double play, Stadfeld to Ollom to Smith.

**THIRD INNING**  
Portsmouth—McCall walked. Dillhoefer doubled but Tedrow made a bad throw to force McCall at second and both runners were safe. McCall scored on a wild pitch. Dillhoefer singled to center, scoring Dill. He stole second. Sharmann walked. Mills forced Sharmann at second. Spencer hit to Dick who threw bad to catch Dillhoefer at the plate, but Dillhoefer got Mills at third. Deloitte went in to pitch. Caton walked. Bush fanned.

**FOURTH INNING**  
Portsmouth—Gilmore doubled. Sharmann made a sensational one hand catch of Calbert's liner. Smith hit to second and Bush lost the ball allowing Dillhoefer to score. Stadfeld flied to Dillhoefer.

**FIFTH INNING**  
Portsmouth—McCall safe on Deloitte's error at first. Dillhoefer flied to Gilmore. Dillhoefer flied to Taylor. Ironton—Stadfeld flied to Caton. Perry walked. Taylor popped to Caton. Hadcock singled over Caton's head. Deloitte out Bush to Spencer.

**SIXTH INNING**  
Portsmouth—McCall safe on Deloitte's error at first. Dillhoefer flied to Gilmore. Dillhoefer flied to Taylor. Ironton—Stadfeld flied to Caton. Perry walked. Taylor popped to Caton. Hadcock singled over Caton's head. Deloitte out Bush to Spencer.

**SEVENTH INNING**  
Portsmouth—Sharmann was safe on Perry's bad throw. Mills out Perry to Smith. Spencer singled to right. Sharmann was caught off third and tagged out. Spencer stole. Caton doubled scoring Spencer. Bush flied to Stadfeld. Ironton—Ollom out Spencer to McCall. Gilmore singled. Calbert hit into a double play. Caton to Bush to Spencer.

**EIGHTH INNING**  
Portsmouth—McCall fanned. McCall fanned. Dillhoefer flied to Stadfeld. Ironton—Smith singled to left. Stadfeld flied to Bush. Perry flied to Caton who made a brilliant catch. Taylor flied to McCall.

**NINTH INNING**  
Portsmouth—Dillhoefer out Deloitte striking at first in the error room. Bush musing his ground smashes then Calbert hit to center and Ollom advanced to second from whence he scored on Stadfeld's safe blow to right. ## "Round-The-Bed" Conferences

Clustering around Manager Spencer in his room members of the local team hold a "round the bed" conference every morning and the benefits derived from it are reflected in the fine road work so far this season.

Each play that is to be pulled off is mapped out by Manager Spencer and it is gone over the second time. The employment of this idea keeps the player's mind on the game and the plays that are to be executed. It is a capital idea and has been hearing golden fruit. It eliminates any chance of getting the signals crossed and puts every play vividly before the minds of this and that player.

Run scoring ideas are swapped, each player has his say about some new play that is to be tried and in this manner the team takes the field well drilled in signals and with chances of slipping something over on the enemy all in its favor. It is the clever idea of Manager Spencer and no doubt sooner or later it will be adopted all round the circuit.

## Frankfort Appeals To Doyle For Help

Owners of the Frankfort team have appealed to Scout Billy Doyle to strengthen their club. They flashed the S. O. S. across the Ohio State baseball sea last night and it was picked up by Commander Doyle as he drifted into Portsmouth from Ironton.

Doyle will give the addresses of about a dozen of promising players to the Frankfort owners and there is no doubt but what Frankfort will soon be winning its share of Ohio State league games. Johanson is a wise manager and will put a winner in the Kentucky

town if given the proper encouragement. Winning ball clubs are not made in a day, no not in a month, and some times not in years.

Frankfort fans be patient until your club can be bolstered.

## Bet Against Braves

A well known Eastern broker has just wagered \$1,000 that the Boston Braves, those famous Mariner Men will not finish on two this season. He picks Chicago and Philadelphia to nose out the Braves and has backed up his judgment with his rocks.

30 CHANCES---NO ERRORS

When it comes to holding Bush at second for Portsmouth by his work the past few days has it on any infielder in the league.

In three games he established what will no doubt be a season's record when he accepted 30 chances in them without the semblance of an error. Yes, let's a fixture.

Jacobus Is Setting Fast Pace At Bat

The honor of being the boss hitter of the local team in the first seven games falls upon the broad and compact shoulders of Larry Jacobus, pitcher extraordinary and a compassionate chap.

In addition to winning two games in a week, handing out as few passes as 10, P. T. did and getting six hits out of one trip to the plate Jacobus has been leading on the job. His latest batting average is only .200, out of five trips to the plate he has struck out 6 hits, one a rapping triple.

Sharmann is the second best hitter with the highly respectable percentage of .300. Then follows Mills with .250 and Spencer with .200.

Thus, here is just what each player has accomplished with the old stick in the first seven games:

Player	AB.	R.	H.	Pct.
Jacobus	9	3	6	.666
Sharmann	30	8	12	.400
Mills	29	2	10	.345
Spencer	29	1	9	.310
Dillhoefer	32	5	8	.250
Test	4	0	1	.250
Bush	35	2	6	.171

It's a mighty short way to pipe-joy

if you go via Prince Albert—tobacco that answers every question any man can hand out! You can jam it in your old jimmy pipe or roll it into a makin's cigarette and it will produce more real and true happiness than any brand at any price you ever bucked up against. Now, let's all get together, and repeat slowly and distinctly:

**PRINCE ALBERT**

the national joy smoke

can't bite your tongue, and can't parch your throat, because it is made by a patented process that removes the bite and the parch. No other tobacco ever was or can be made like P. A. And P. A. tastes as good as that sounds!

So the warm tip is: Get the jimmy pipes out of dark corners, out of the rafters, where you've hidden them for fear of more tongue bites. Get 'em out and fire up with P. A., for you can go to it fancy-free from sun-up right down the line to the pillow-period!

And the sooner you know this little thing personally, the more joy's you'll be.

Prince Albert is sold everywhere in poppy red bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and—that classy pound crystal-glass humidors with sponge-moistener top that just beats the band for keeping P. A. fine like silk. You buy one quick.

## TEAM LOOKS STRONGER

"The Ironton team the way it lined up Tuesday with Smith on first, Stadfeld on short and Taylor in right field looks like a real ball club," said Scout Billy Doyle Wednesday.

"Smith has been playing under a great handicap as the leaders of his neck were strained and have caused him real agony, yet he donned the spangles Tuesday and entered the game in the hope of securing an even break with Portsmouth."

Levi Draws His Release

Ironton, May 18, Manager Smith last night landed Herman Levi, utility catcher and right fielder, his release. The team have only a few more days to get within the playing limit of twelve players and they will doubtless be several good men from all around the circuit turned loose because there is no room for them.

Levi Draws His Release

## The Latest In Sportdom

### Doherty Is Home

Will Doherty, returned home Tuesday evening from Ironton after a week's experience as a member of the Ironton baseball club, having been released Monday evening. Doherty had the regular second base position until the opening of the season, when he was supplanted by Olloni, a more experienced fielder. After warming the bench a few days, he was given a short trial at short, being replaced Monday by Stadel, whom Shinsky Taylor brought with him from Day City, Mich. His friends here feel sure that Doherty would have made good if he had received a fair trial. He has hopes of catching on with some other team in the league.

### Boost For Sharman

(Charleston Post)

Billy Sharman, the Cincinnati kid playing the outfield for Portsmouth, is putting up a great game in the past few days. Two years ago when Joe Tinker was manager of the Reds, Sharman worked out with the National leaguers in the spring and Tinker said, "That kid is the most natural ball player I ever saw. Give him a couple of years in a minor league and he will be the greatest find of all time."

### UMPS WILL NOT STAND ANY SMARTNESS

What is wrong with the old game? But this is only one of the places in which the attitude of the fans and the player toward the umpire has been changed and it looks as though the game one would think that the umpire had acted almost as a gentleman.

### TO BECOME FED UMPs

Chicago, May 19.—Henry O'Day, veteran umpire and manager in the National league, practically has concluded negotiations for joining the Federal league staff of umpires if he becomes known today.

### Reds Are Blanked

The Reds continue to drop games with the tantalizing regularity. They have only won one game on the present swing around the Eastern circuit. Tuesday Brooklyn blanked the Reds 4 to 0. The score:

### JACKSON WILL PLAY FIRST

Cleveland, O., May 18.—The Cleveland American league baseball team has decided to shift Outfielder Joe Jackson, leading batsman of the team, to first base. Elmer Smith, pinch hitter, will play right field; Walter Barbee will replace Bill Wambegans at third. The change is made to improve the hitting strength of the team.

### Fans Are Loyal

"You will have to head it to Ironton for turning out two good crowds Monday and Tuesday despite the awful weather," said Scout Billy Doyle last night.

"There was a fine crowd out Tuesday and I was agreeably surprised as the day was more suited to football than baseball. Ironton fans are back of Dick Smith this year and the latter is going to put a winner in the old town."

### Pfirman On First Visit

Umpire Pfirman is here for the Ironton series. His work at Ironton was gilt edge, practically no ticks being registered against his decisions. And this is some compliment considering the new players on both clubs.

### "Boots" Is Prospering

Officer Theo. Brennan is in receipt of a letter from his old friend, Lawrence, better known as "Boots" Thomas, former catcher of the Spiders. He is now operating a shoe repair shop at Waterloo, Iowa, and earning \$7 per game backstopping for a semi-professional club there on Sundays.

## CHAUTAUQUA WILL BE HELD ON FIFTH STREET

### B. & O. S.-W. ACCEPTS CROSSING ORDINANCE

Judge George M. Osborn, who is acting counsel for the B. & O. S.-W. railroad here during the absence of Attorney George O. Newman, received a message from Attorney John P. Phillips, of Chillicothe, Wednesday, notifying him that the company had accepted the city's overhead crossing ordinance. Judge Osborn in turn notified City Solicitor Stanley McCall.

### PAY DAY SATURDAY

Saturday will be pay day with the hundreds of employees of the Whitaker-Glessner company. It will be a very large one as the plant has been operated steadily in all departments. It was reported that the company would pay every two weeks, but the officials denied a change was contemplated in their present pay day schedule.

### WORRIES MORE ABOUT HIS LOST DOG THAN OVER ELECTION

Huntington, W. Va., May 19.—When asked yesterday if he feared the result of the recount of the votes in the late city election affecting his position as a city commissioner, W. M. Prindle stated yesterday that he was worrying more over his lost bird dog than over any prospect that he would be "counted out." The recount has been ordered by J. A. Plymale and George R. Schmauch, defeated candidates of the Good Government league.

### AT FIRST BAPTIST

First Baptist church will hold the regular weekly prayer meeting this evening at 7:15. The pastor will have charge of the meeting. The Union Bible class will meet at 8:30. All persons who desire to get next Sunday's International Bible lesson for next Sunday will be welcome to this class.

### SWAPPING PRISONERS

The release of three North End negroes from the Cincinnati workhouse was ordered Wednesday. They are Charles "Deno" Spaulding, Fred "Peggy" Davis and Charles "Peggy" Foster. They were taken to Cincinnati by Chief W. T. McCarty Wednesday.

### WARMER TODAY

Well, it's warming up. What's that? It really is. Tuesday morning the minimum temperature was 39 and this morning, according to Weather Observer Dr. Harry Schirrmann, the minimum was 47 or eight degrees warmer than Tuesday.

### DELAY WAS DUE TO ACCIDENT TO TRAIN

J. T. Carey, division superintendent of the N. & W. railway, has just reported to the city officials the findings of the official investigation of a recent blockade of Kendall avenue crossing.

The report shows that the delay was caused by the train parting, which in turn caused a draw-bar to be pulled out, making a very bad situation to handle speedily. The conductor did his best to open up the crossing when a deliveryman attempted to tell him what should be done and called him a name in the bargain. This caused the conductor to tell him to go to a warmer climate. The superintendent expresses regret that there should ever be a clash between employees and outsiders and says he does not uphold men in such cases, but that in this particular instance both were doubtless to blame, and the matter has been handled with the conductor. By way of reply the N. & W. official is reminded that his letter does not show clearly that any steps have been taken to prevent a recurrence of the conditions.

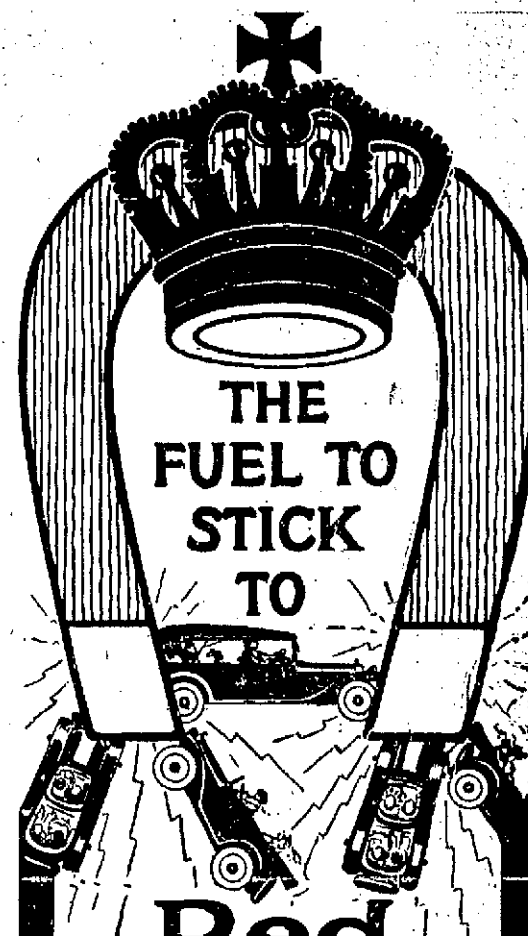

### LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and straggly, just a few applications of Sage Tea and Sulphur Compound will restore its natural color and softness. Don't play gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You mistaken a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

## NEW MILITARY COMPANY TO BE FORMED TONIGHT

Col. E. S. Bryant, assistant adjutant-general of Ohio, will arrive in Portsmouth this evening to attend a meeting of the persons interested in the organization of a military company in this city. Word to this effect was received this morning by Capt. James W. Smith, who is active in the recruiting of the new company.

Col. Bryant had intended coming down Thursday evening to muster in the new company, but he changed his mind at the last moment, and decided to come in time to help in the preliminary organization. He will remain over Thursday, assisting Capt. Smith in closing up the preliminary work, and as originally intended, will muster in the company Thursday evening.

The meeting this even will be held in the Board of Trade rooms on the third floor of the Masonic Temple. Not only the prospective members but all others interested in the idea of having a company in this city are cordially invited to attend. All details incident to the formation and continuation of a national guard in this city will be thoroughly explained by Col. Bryant and Capt. Smith.

Almost a sufficient number to make up the required quota of the company has been secured and there is a strong probability that the company will be fully recruited when the time comes to muster in Thursday evening. Definite plans for a temporary armory and practice nights will be determined upon also Thursday evening.

Young men of the city are evincing interest in the organization because of the club features that will be included with membership in the company. It was announced that \$1000 had been already appropriated to fit out the rooms with equipment, which will be at the disposal of the members at all times.

Among those who are mentioned as members, several of whom have already signed, are the following: Eugene Wuester, William Atlas, James Alspough, Valdo Beebe, Geo. Breese, Earl A. Clark, Howard S. Cadot, Wm. T. Gray, Paul Harsh, Russell McFarley, Kenyon Johnson, Hubert Test, Leigh Watkins, Leslie White,

Wallace Drew, Forest Williams, Graves Williams, Chas. Turley, Evan Williams, Loren Hitchcock, Ralph Streich, Fred Klingman, Karl Zoellner, Orin B. Oakes, Wesley Gableman, Robert E. Lewis, Arnold Schapiro, Reuben Horchow, Joseph Morelow, Walter Schuler, Fred Lorey, Ralph Swadner, Philip Jacobs, Sam Williams, J. C. Wilson, Percy C. Henderson, A. S. Clark, Floyd Adams, C. F. Argersbright, Arthur Lynn, Frank T. Wolfe, U. B. Anderson, Harry Tyree, Clarence Wood, Shirley Ruel, Floyd Thompson, Clifford Baker, Zeb Allen, Harry Holliday, Ben Hinz, Samuel Kartz, Elmer Blevins, Chief John Milliken and Dr. C. H. Dawson of Wheelersburg.

### MOTHER GOOSE APRONS FOR LITTLE GIRLS

ATTRACTIVE indeed are the newest aprons for the little girl to be worn during the play hours in the nursery or in the park. No longer does she wear a sheer affair of muslin and lace, but a suitable covering for her pretty little dress of brown linen, ornamented at the hem with tiny figures depicting some phase of the "Mother Goose" tales. These aprons are not only ornamental but they are instructive, too, and the tiny tot who wears them never seems to grow weary of looking at the fascinating pictures which decorate her apron. Sometimes they are worked in bright cotton threads; again they are stamped on in highly colored dyes.

## A RECORD HIT AT MILLBROOK

Outfielder Sharman made the longest hit ever seen on the Portsmouth grounds in the second inning of today's game when he drove the ball over the C. & O. sign in left field for a home run. The score at the end of the third inning was 2 to 0 in favor of Spencer's team. The batteries are Test and Mills for Portsmouth, and Pace and Blackwell for Lexington. Rain kept the attendance down.

President Gableman stated this afternoon that he intended to protest to President Carr because the Lexington club was playing six experienced men in the lineup when the rules limited the number to three.

## 100 "Down" Orders

Over one hundred orders to tear down condemned buildings have been made out this week by Deputy Marshals Bell and Hamilton, who are still at work in the east end today. On Monday 64 orders were issued, on Tuesday 24, and Chief McQuat this afternoon estimated that between 25 and 30 would be added today. The orders will be issued to the respective property owners from the office at Columbus later.

The two deputies expect to complete their work either Thursday or Friday, at which time they will have visited every nook and corner of this city on an inspection tour.

## ACCEPTS CALL

Rev. M. D. Bryant has accepted the call of the Sciotoville Christian church members and will preach his first sermon there Sunday morning, May 30th. Rev. Bryant preached a trial sermon at the church over two weeks ago and the members were so impressed with him that they at once extended a call.

Rev. Bryant has been pastor of the Christian church at Rochester, Ind., for about a year. He is married and has a young daughter. He will leave Rochester May 24th. He has rented a home in Sciotoville from Charles Monney, Rev. Chas. Reinhard, local minister, who was the last pastor of the church, left the pulpit about one year ago and since that time the church has been without a minister.

## Youths Acquitted Of Serious Charge

Chester Carpenter and Merrill Pardee, two Fullerton, Ky., youths, were arrested while at work at the Harrison-Walker brick plant Tuesday night on warrants issued from Squire James P. Braden's court.

The young men are accused of finding and concealing a pocket-book belonging to Ova P. Wolfe, an agent of the Prudential Insurance Company, who claims to have lost between \$45 and \$50 while making his rounds in Fullerton Tuesday afternoon.

The young men bitterly deny that they found the pocket-book and agreed to return to Kentucky without requisition papers. They bear excellent reputations in and about Fullerton. Mr. Wolfe's attention was directed to them by Mrs. James Warnock and Mrs. Samuel Warnock, who told him that they had seen the boys "cutting up" along the road and pick up something.

The boys were acquitted in Squire Braden's court later in the day for lack of any proof against them.

### COCKROACHES IN THE KITCHEN

How to Exterminate These Pests That Spoil the Food

Nothing is more repulsive to the hostess than to see cockroaches crawling about the kitchen, pantry or dining room. The easiest and most effective way to completely exterminate them is with a steam electric vaporizer. The deadly fumes of this vaporizer, water bugs and all insects.

Get a two-room box of Steamers. Electric Vaporizer from your druggist for twenty-five cents and use it at night as directed, and in the morning sweep up the dead cockroaches. Directions in fifteen languages in every package.

### OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your congested nostrils will open, the air passage of your head will clear and you can breathe freely. No more sniffling, yawning, mucous discharges, dryness or headache, or struggling for breath at night. Get a small bottle of Dr. K's Compound from your druggist and apply a little of this fragrant antiseptic cream to your nostrils. It penetrates through every air passage of the head, soothes and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrhs via the nose. Don't stay stuffed up as miserable. Relief is sure.

### Sustains Demurrer.

A demurrer to the petition of the Samuel Hordway Company against the American Fidelity Company, suit for \$850, was sustained in common pleas court Wednesday afternoon by Judge Thomas. The Hordway Company endeavored to collect from the insurance company \$850, which is paid to Edward Biedel, an employee, for injuries sustained in an elevator accident at its store just previous to the 1914 flood. Liability insurance was carried by the firm but the court ruled that elevator accidents were not covered in the policy. The insurance company was represented by Bannan and Bannan and Meyer.

## ROW OVER BUCKWHEAT

Dispute over the rightful ownership of one hundred and forty bushels of buckwheat led to a law suit, between Henry Koger and Charles Brisker, farmers of Madison township, which is being heard before a jury in common pleas court today, Judge Thomas presiding. Koger claims that he is entitled to \$140 which the defendant rightfully appropriated to his own use from the sale of the buckwheat, while Brisker denies the claim and files a counter claim against the defendant for \$39.14, for storage and other expense.

The plaintiff's ground for action is an alleged contract entered into between him and the defendant, which the latter denies. Millar and Micklethwait represent the plaintiff, and Milner, Miller and Seal the defendant.

**Awarded Alimony**  
Judge Thomas, in common pleas court this afternoon, awarded Edith Turner \$2 a week temporary alimony from her husband, George Turner, whom she is suing for divorce.

**In New Home**  
Barber A. Edgington and family moved Thursday from Sixth street to the property at No. 1010 Third street.

### MARRIAGE LICENSES

Two more marriage licenses were issued this afternoon as follows:

Joseph Bensley, 23, a farmer, of Lucasville, and Pearl Dawson, 24, also of Lucasville. Squire A. J. Finney.  
John Dement, 21, N. & W. employee and Sadie H. Cummings, 21, a shoemaker, both of this city. Rev. C. L. Strecker.

G. R. Lockwood, manager of the Western Union telegraph office, was again detained at home by illness Wednesday. He has been complaining for some days past.

### PAYING TAXES

Quite a number of people are vowing themselves of the opportunity to pay their June taxes at the treasurer's office, the books having been opened a few days ago. The books were opened one month earlier than usual this year, which is expected to facilitate the payment of taxes throughout the tax-paying period.

### Mr. Stafen In Bad Shape

Little change was noted today in the condition of George Stafen, of Ninth street, whose left side is paralyzed from a stroke suffered late Sunday night. His condition is still serious.

Mrs. S. E. Bridwell of Fifth street who was reported seriously ill with appendicitis Tuesday was resting easier Wednesday.

When you lose something leave it to TIMES WANT ADS to find it.

## Can You Sleep?

"I was bedfast for two years," writes Mrs. M. Fisher, of Athensville, Ill. "For a long time I was so nervous I couldn't sleep. I had womanly troubles, pains in my sides and shoulders and indigestion. I had several doctors and was in the hospital for some time. I tried CARDUI and by the time I had taken the second bottle, I could stay up all day, and sleep sound at night. I took three bottles in all, and felt as well as I ever had. I wish every ailing woman would try CARDUI as I did. I cannot speak too highly of it."

Christian church of this city for about thirty years.

The funeral services will be held from the Christian church at 2:30 o'clock Friday afternoon, with Rev. Oakley in charge of the services. Interment will be made in Greenlawn.

**Mrs. Sarah Matheny**  
Mrs. Sarah Matheny, aged 75 years, wife of W. T. Matheny, a gardener of Burden, Ohio, died at Hempstead hospital Tuesday night of rheumatism.

Mrs. Matheny had been afflicted with rheumatism for the past eight months, her heart finally becoming affected. She had been a patient at the hospital since last Friday.

Mrs. Matheny's maiden name was Bradford and she was thrice married. Her marriage to Mr. Matheny occurred seven years ago. Her two former husbands, Moses Merritt and Thomas Gray are both dead. Children surviving her by her first marriage are Robert, Milton and Time Merritt, of Fayette county; Dan Merritt, of Camp P. O.; Margaret Eliza Beth Rose of Thompsonville, Mich.

An only sister, Mrs. Margaret Chance, lives in Hocking county. She was the fourth wife of Mr. Matheny. His previous wives were the late Susan McCutcheon, Mary Jane Smalley and Dora Rose. He prides himself that he never divorced any of them, living happily with each until death parted them. He was the father of 25 children and step children.

Mrs. Matheny was a member of the United Brethren church. The remains will be taken to Wakefield Thursday for burial at Camp P. O.

**Mrs. E. J. Koob**  
Mrs. Elizabeth Jane Koob, formerly Elizabeth Jane Oppy, was born March 16, 1846, and died May 15, 1915, aged 69 years, 1 month and 29 days. She was united in marriage to Gideon Koob December 22nd, 1867. To this happy union were born five children, as follows: Mary E., who succeeded her mother to the Better World; Emma E., James S., Charles W. and Samuel A. She also leaves eight grandchildren and a host of friends.

The last few months of her life were spent at the home of her son James Sherman Koob, where all her needs were carefully looked after and she seemed perfectly contented and happy. She united with the Christian church and in later years transferred to the Baptist church, and in February, 1915, was taken into the Methodist church in Burden. She was always fond of working for Jesus, even up to the day of her demise. The light of the old home is gone out, and while we are saddened when we look earthward at the loneliness, when we look heavenward our hearts are gladdened with hope of a future reunion.

Short services were conducted at the home in Burden. The remains were then taken to the Christian church at Mt. Joy, where the services were conducted by Rev. John Lawd. The body was laid to rest in the Mt. Joy cemetery.

**Miss Josephine Eugenia Hammond**  
Miss Josephine Eugenia Hammond, daughter of J. H. and Mrs. Josephine Hammond, of No. 8 Union street, passed away at 7 o'clock Wednesday morning, at the family residence, after a four weeks' illness caused by heart trouble.

Miss Hammond was 25 years, 9 months and 19 days old and was a most estimable woman. Besides her grief-stricken parents, she leaves five brothers and one sister, A. L. W. S. C. A. L. A. S. T. P. Hammond and Mrs. Kibbie Hammond. The funeral services will be held from the home at 2 o'clock Thursday afternoon and interment will be made in Greenlawn.

ready and willing to lend a helping hand in sickness and death and was a true and loving wife and mother. She was always ready to forgive and speak a word of sympathy to every one in need of it and she will be greatly missed, not only in her home, but among her neighbors and friends. Only six months ago the death angel visited this home and called away Rebecca, an aged sister of Mr. Dixon; and now their only child has gone to her home in the Great Beyond. May God be with them in their time of bereavement. Mrs. Douglas departed this life May 12, 1915, aged 90 years, 9 months and 6 days. Funeral services were conducted Friday morning, by Rev. McCormick with interment in Me-Kendree cemetery.

**John Archibald McNamara**  
Mrs. Mary McNamara, of No. 1073 Robinson avenue, received a telegram Tuesday telling of the sudden death at Boston, Mass., of a grandson, John Archibald McNamara, aged 3 years.

The child, who was a son of Peter J. and Mrs. Blanche Brogd-McNamara, succumbed to spinal meningitis, with which he was stricken a week ago. The father is a well-known former Portsmouth shoe worker and holds a good position in a big plant at Boston. His wife is a native of Nova Scotia.

**Baby Jones**  
A thirteen months' old baby daughter of Mr. and Mrs. William Jones of Lyra died Wednesday morning at eight o'clock after a short illness with pneumonia. Besides the parents four sisters Nellie Mae, Darline, Alma and Flora and one brother, Dempsey, survive.

The funeral will be held Thursday afternoon at two o'clock from the Lyra Baptist church. Interment will be made in Vernon cemetery.

# CANADIAN STEAMER GOES TO BOTTOM; 8 PERISH

## OFFICIALS WON'T GIVE NAME OF BOAT THAT RAMMED HER

Ottawa, Ont., May 19.—Eight of the fourteen members of the crew of the small government steamer Christine were drowned when that steamer was rammed and sunk by an unnamed vessel on the Island of Orleans last night. It was learned today that the vessel sank within three minutes and that the crew were unable to launch a life boat or don life preservers. Six of them were saved by another vessel. The bodies of the drowned have not been recovered and their names were unknown early today. The Christine was formerly Lord Strathcona's yacht and was chartered by the naval authorities as an examination steamer. The name of the vessel with which she collided has not been made public.

## GRAND DUKE NICHOLAS RUSHES AMMUNITION; TURNS TIDE OF BATTLE

London, May 19.—At the critical point in the fighting near Jasso, Galicia, according to a dispatch to the Daily Mail from Petrograd, Grand Duke Nicholas in person rushed to the scene with ammunition, making the last 30 miles at top speed in an automobile. His car was followed by a string of 13 other automobiles loaded to capacity with ammunition. The arrival of the commander-in-chief is said to have turned the tide, inspiring the Cossacks to retake Jasso, which the Germans had occupied. During their brief occupation the Germans had reported to have hung the mayor for displaying a Russian flag.

## SPLIT IN ENGLISH CABINET HEALED

London, May 18.—The government has definitely sought the cooperation of the opposition, and opposition leaders have, in principle, consented to join them, says the parliamentary correspondent of the Times in discussing the proposed coalition of the cabinet. "Nothing is likely to be decided until the Unionist leaders have obtained the formal backing of their followers at a party meeting. There can be little doubt that the result, for although the Unionist party never has been shattered of coalition, the present situation has neither precedent nor parallel. If an equal share of power is offered, not merely in weight of numbers, but in the importance of officers, such an offer put forward on patriotic principles can not reasonably be refused when the alternative is either a steadily weakening government or a general election. The labor party, also naturally would be represented in such a National government."

## MILITARY OFFICIALS ARE EMPOWERED TO ARREST ALL SUSPICIOUS PERSONS; WAR IS NOW EXPECTED EVERY HOUR

### ITALIANS ARE KILLED BY AUSTRIANS

Rome, May 18 (via Paris, May 19).—Forty persons were killed and several hundred wounded by the police and Austrian troops in quelling the uprising in Pola, according to the Idea Nazionale.

Many persons are said to have been suffocated at the navy yard where the outbreak began. Homes of Italian subjects are said to have been burned by the Austrians.

Rome, May 18 (via Paris, May 19).—A royal decree under which all railroad lines and stages in Italy are placed entirely under the supervision of the military authorities is published by the official Gazette.

Under the provisions of the decree military officials are given the power to prohibit suspected persons from traveling on the railroads approaching the lines.

All travelers are warned that at certain points they are not to look from the carriage windows but must keep the shutters closed.

Any person approaching a tunnel or bridge will be imprisoned for 6 months. If war has been declared when the offense is committed they will be court-martialed. Soldiers and the police are entrusted with enforcement of the decree and are authorized who on persons who violate these provisions.

Foreign Minister Sonnino is reported to have informed the council of ministers at its session this evening that offers of additional territorial concessions had been received from Austria.

Rumania's attitude regarding the war is being watched with keenest interest as no official announcement has been made as to whether the cordial relations which always have existed between that country and Italy have been transformed into an actual alliance. There undoubtedly is a diplomatic understanding between the two governments as Prince Chika, the Rumanian minister, is the only foreign diplomat who has had long daily interviews with Foreign Minister Sonnino during the past fortnight.

Count Von Thun-Hopsten of Trent, grand master of the Knights of Malta, an Austrian subject left today for Vienna after an audience with Pope Benedict.

The Green book containing diplomatic documents designed to show the attitude of Italy since the beginning of the war, and the efforts made to reconcile the obligations of the triple alliance with Italian nation aspirations was "set up" in one night by the typesetters employed by the chamber of deputies. Every precaution was taken to prevent the printers from communicating with persons outside their office and they were reminded that any betrayal of the secrets contained in the Green book would make them punishable by severe imprisonment under the law recently enacted for the defense of the state.

## TORPEDO IS FIRED WHEN BOAT GOES TO AID OF LUSITANIA

New York, May 19.—Officers of the British tank steamer Narraugansett, which landed at Bayonne, N. J., confirmed the statement made by officers of the steamer Kronprinz at Boston, that the Narraugansett, which caught the Lusitania's distress signal, was driven off her course by a torpedo from a submarine which she came within seven miles of the scene of the disaster.

According to "The Sun" wire, the less operator aboard the Narraugansett, the Lusitania's call for help was received at 9 o'clock on Thursday afternoon of May 18.

Strongly it came back to the Narraugansett, which was then on a voyage to New York.

Second Officer John Little, who sighted a submarine at 3:15 p.m. and fired a torpedo at it, was a torpedo shot from the Narraugansett within 30 feet of the stern and disappeared. Captain Harwood then changed his course and gave up the chase for the Lusitania, believing that the distress signal was a decoy to trap the Narraugansett.

## RUSSIAN COMMANDER WOUNDED, CAPTURED

London, May 19.—General Korniloff, commander of the 18th Russian division which cut its way through overwhelming German forces in the Galician retreat, has been captured, according to a Petrograd dispatch to the Reuters Telegram company. (Charleston Post) Homer Cain has again got off to a good start with the Cobblers. While rather aged the disciple of Methuselah has still got a whole lot of good ball games up his sleeve.

## Smooth As Swiss Watch

Pitcher Stadfeld has certainly pitched the ball in his last two times out. He has all the requisites that go to make a first class pitcher, one due to repeat the big show. His work at Ironton Tuesday, despite the rain and cold was excellent according to local teammates.

## Pfirman On First Visit

Captain Pfirman is here for the Ironton series. His work at Ironton was all edge, practically no kicks being registered against his decisions. And this is some complimentary considering the new players on both clubs.

## Will Play Ashland

Gilford Park, senior Sixteenth and Callensburg streets, will be the scene of an exciting game of baseball Thursday afternoon between the Buckeyes and a strong college team from Ashland. The Ashland team, which is much in demand by a crowd of rooters, the college team is making preparations for the match. The game will be a great one, and it has been used by many managers.

## WORSE THAN WE ARE

We Americans have been held up as horrible examples, the world over because of our alleged peculiar national product, the lynching bee.

It is not a distinction that we specially crave, nor is it one distinctively our own. We do assert that there isn't any difference in human nature, where it comes to its weaknesses and follies, sufficient to build a dispute upon.

Take this very matter of the lynching bee, what variation do we see in regard to it? None at all. Go to London and you will find a mob of ten thousand smashing the little shop of some German tradesman and crying: "Hang him!" Traveling on to Austria, you can hear brutal hosts bringing the torch and lust for the blood of the weak down in the quarters of the Italians. Crossing over to Italy and traversing the streets of Rome, where civilization dawned and you will find the situation exactly reversed.

Clear around the globe, from Africa's sandy wastes, across the broad plains of British Columbia you will hear the howling, ravening multitude roaring and storming for its victims, ever the helpless few.

Why, they are worse than we Americans. For we in sudden passion at some heinous crime, rise in the fury of our wrath and kill, because reason has temporarily abdicated her throne, but these foreign mobs, their is but the cowardly lust of numbers and power—they, in no heat of blood, with no personal aggravation, rise and slay their good and kindly neighbors.

## BRICKBATS FOR JONES.

Everybody is willing to kick a man in politics when he is going down. For further particulars see Ed. Jones who is now getting his "up" in Jackson county. For confirmation also here comes the Jackson Sun whose rays have been illuminating Ed's pathway and not only turn off the light but also bring a whole armful of belittling at Ed's devoted head. The Sun, which is the Republican organ of Jackson county, has this to say about Ed's downfall, at the hands of his party committee, which not only canned him but which elected his old time rival O. B. Gould, as county chairman:

"The action was taken for several reasons," says the Sun. "Among them is the fact that the endorsements made by the committee have been ignored time and again. This is due to the fact that either the State Chairman is not in good standing with the state administration or that he wants to fill all appointments with his own close personal friends. What few he has secured are such."

"There is a great many things being handed out over the state and there is no just reason why Jackson county should not secure her quota."

"The reason why Mr. Gould was selected in preference to any other is because of his acquaintance and standing among the leaders over the state and those in official positions in the State House. His experience as State Chairman for two terms and as Warden of the Ohio Penitentiary for two terms has also given him a state-wide prestige as a leader and councilor."

"We understand the State Chairman, who attended the meeting, declared that the action in ousting Sell would cause the county to return to the Democratic column. The State Chairman should explain himself on this point. It means that he is either unable to control his following, or else that he will urge them to defeat the ticket that has given himself and brother honors that they could never have gained otherwise."

"We can not understand where the State Chairman has any grievance. The old Republican organization known as the Gould crowd, picked Jones up when he was down and out and when his following had gone over to the Bull Moose, and as a result he received high honors from the party. What his later friends wanted at this time was a little return of gratitude shown him and which he had gratuitously promised."

"Failing to secure it, they resort to the only means within their power."

It's not very complimentary to our city council's activity that citizens should have to petition for such an admittedly needed improvement as the extension of the flood wall. Why not get busy.

Class will tell. That's why no doubt Portsmouth always has a ball team just a few shades better than Trenton and Chillicothe.

## NEW CHARGES AGAINST THE INSECTS.

(Journal of The American Medical Association.)  
The investigations of recent years have disclosed the relations of insects to malaria, yellow fever, bubonic plague and sleeping sickness. The striking results already demonstrated in respect to the activity of mosquitoes, fleas, bedbugs and house flies inevitably raises the question as to the possible significance of other species of insects which may be less abundant but whose contact with man may be occasional or confined to restricted localities. This group includes cockroaches, ants and bees. Their role is as yet purely conjectural, but it is of interest to consider the possibilities as they present themselves to one trained to observe the versatile habits of insects and to recognize the opportunities for infection to which the sanitarian must give heed.

That an insect which will devour any sufficiently soft substance from human foods to glue, grease and water colors, and which will live by preference in the cracks of the floors and walls of houses, bakeries, restaurants, sugar refineries and laundries, where their bodies come into contact with the dirt and refuse that necessarily accumulate in such places, should carry a host of germs about on and in their bodies and be able to infect our foods, is certainly not surprising. Yet this is the habit of life of the omnivorous cockroach. Roaches probably also feed on tuberculous sputum and disseminate the bacilli as readily as the house fly.

Ants, which are often abundant in houses and are readily disseminated by commerce, sometimes become a pest to the housewife, particularly when they get into the stores of food. They have not escaped suspicion as disseminators of pathogenic micro-organisms. Wheeler points out that it thus becomes possible for ants to spread disease in different ways.

Finally, the bees, hived for centuries by poet and prose writer alike, have not escaped the occupation of suspicion, says the Journal of the American Medical Association. Wheeler has observed the stingless bees visit collections of garbage in the canal zone, presumably gathering foreign substances which they knead into the cerumen cells in which they store honey. Eagerly collected for food by the natives in many parts of tropical America. According to Wheeler, there are reports of intestinal disorders or even death following the eating of such honey. The suggestion of possible contamination with disease germs collected by filthy insects is plain.

## HERE FOR A PURPOSE

We have often pondered upon what the osage organ was here for, except to run to seed as a fence in the country and furnish more or less annoyance as one in the city. Thanks to the efforts of an Ohioan, now domiciled by an untoward fate in the forest products laboratory of Michigan, we have found out. It is good for making dye stuff. Material can be extracted from it which will color cloth any shade of yellow, and is cheap in extraction and excellent in quality.

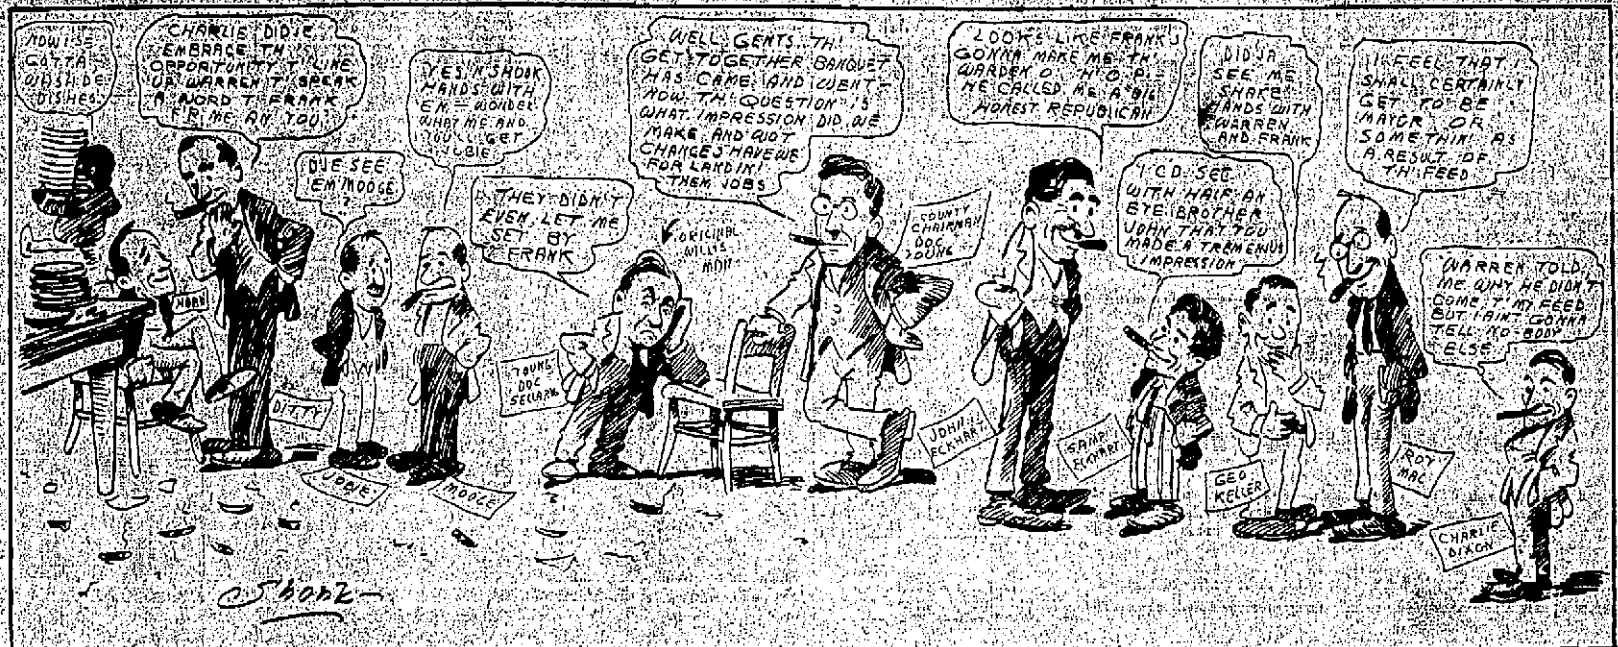

One of the sad things about the new gerrymander law that puts us back into the old Tenth district is that we will be kept awake night listening to the howls of anguish from Rom Johnson, Dave Davison, Col. Marting, Judge Corn and others of their kind as they get harpooned off the political map by dear Homer Edwards, of Trenton, Ada and Columbus.

First fruits of the big banquet. Candidate Charlie, McCornick has gotten together with himself to such an extent that he has announced that he may die in the last ditch but never, never will he allow himself to be pulled off in his campaign for the mayoralty nomination by promise of being taken care of.

Another little thing that disturbs us about going back into the old Tenth district is will we have to put up with Sherrin Baglo a Bull Moose around or will he just calmly take over the Grand Old Party in Gallin and march along as though nothing worth while had happened.

At the special water works election held last Saturday, Wheeling, W. Va., voted against issuing bonds to build a new water works plant, which was to have been on the L. E. Smith system. Which lends the Parkersburg State Journal to remark that Wheeling prefers to remain a town where a spade is necessary when a bath is taken.

Which lends the Parkersburg State Journal to remark that Wheeling prefers to remain a town where a spade is necessary when a bath is taken.

"I'm all swelled up with local pride," said the man who stands on the First National Bank corner every day in the year holidays included. "The N. & W. started work on our new hotel building, the first carload of equipment coming in. You can't keep us down. Are they going to build it at Tenth and Waller where the old one stood," asked his friend who had dropped over from Fisher & Strickland corner to pass the time of day. "Now, I ain't talking about Portsmouth. I'm talking about my home town, McDermott. The N. & W. is alive to the growing needs of that metropolis and it is getting ready for the countless throng of travelers by providing suitable accommodations."

And so the legislature has taken for that ancient graft known as Howe's Historical Review of Ohio, and has ordered 10,000 sets printed at state expense so that each member can have a dozen sets or so for distribution among their friends.

Pursuing the course of reasoning of the average Republican editor, we are inclined to charge that Gov. Willis is responsible for the ham weather of the past few days.

New York, May 19.—Gotham has just been discovering some things about its Mayor. Not many months ago it was learned that John P. Mitchell, the youthful chief executive, was a devoted dancer, fond of the one-step, the lingo duck, the fox trot, and was extremely light on his feet.

It revealed the man in a flash, for years he had appeared before ponderous public gatherings with his humanity hidden in the public fog. When he began dancing, sarcastic persons suggested that it was only a few steps to a wrist watch and lavender socks. The mayor is nothing, it is not versatile. Just when people wondered if he wasn't a trifle of amiable, the startling revelation comes that he is off to Wyoming to hunt grizzlies. The slender young executive, so athletic, so debonair on the dance floor, is yet a big game hunter, truly Roosevelt in his greed for the chase.

The Mysterious Man in White is worrying. Fifth avenue and ensuing night gossip over the four o'clock cocktails in the wealthy clubs. He is certainly the Man in White, and very little of that. Tall, handsome, the unknown dresses in white trousers, exquisitely creased, low shoes and a thin silk shirt and virtually nothing more.

He has a magnificent head of hair, which is unspotted by any headgear. In this mien and yet always elegant attire he has been appearing along the fashionable thoroughfare every afternoon at "parade time."

Some say he was seen during the cold days of last winter in the same attire. The other day he carried a lovely pink rose, and delated the passersby with a lordly gesture.

The Rialto sidewalk comedians were disporting themselves on the sunny side of Times Square, the other afternoon following the Coffey-Relch boxing contest, won by Coffey.

"Well," ventured one "Coffey now has grounds for the belief in an whip Willard."

"But isn't Coffey in his cups pretty often?" asked another.

"Not at all," said a third, "Coffey has a good head."

"And he's been in many mills. He is used to the grind," said a fourth.

At this juncture, Handsome Dan, the cop, made them move on and thereby prevented bloodshed as Loney Hinkell had started for a gun.

The auto mall, truck juggernaut, feeling the exhilaration of spring, has resumed its dandily work in the crowded streets of New York. Many lives have been lost as the result of Uncle Sam's reckless and brainless drivers.

One driver, whizzing through Forty-Second street last week at the rate of twelve miles an hour. Scores of people had to jump for their lives and one man tried to jump over the eight foot wall at the public library.

The driver was caught and when taken to Yorkville Court he gave as his sole defense that he carried important mail and was late for his train. Just to show how important he thought the mail was the judge fined the driver \$50 and sent him to jail for five days.

The literary folk were sorry to learn of the retirement of Col.

## Sciotoville Airdome To Open Saturday Night

Sciotoville's first moving picture house will be thrown open to the public for the first time Saturday evening, May 22, at seven o'clock. The village's first picture house is an airdome and of very attractive architecture.

Contractor Bob Roberts has a few finishing touches to make. The power plant machinery is being installed. The seating capacity is 375.

Fred Belmont, John Reisinger, and Charles Bennett, promoters of the new venture, have made elaborate preparations for the opening night. The Portsmouth band of twenty pieces will give a half hour's concert in front of the airdome before the first show. The band and the Sciotoville orchestra of ten pieces will furnish the music for the opening night. Only first class pictures will be shown on the screen and the program will be changed every day. Five reels will be shown Saturday evening.

The three men will devote most of their time to the affairs connected with the airdome. Roy Gordley, former machine operator at the Columbus and Escholt theatres, will have charge of the machine. Fred Belmont will be his assistant. Miss Elizabeth Burke has been engaged as pianist and

### OBITUARY

Miss Josephine Eugenia Hammond, daughter of J. H. and Mrs. Josephine Hammond, of No. 8 Union street, passed away at 7 o'clock Wednesday morning, after a family residence, after a four weeks' illness caused by heart trouble.

Miss Hammond was 25 years, 9 months and 10 days old and was a most estimable woman. Besides her grief-stricken parents she leaves five brothers and one sister, A. L. W. S. C. A. L. A. S. T. P. Hammond and Miss Kibbie Hammond. The funeral services will be held from the home at 3 o'clock Thursday afternoon and interment will be made in Greenwood.

## CLASS PLAY TONIGHT

Quite a number of Portsmouth people will attend the class play, "What's In A Name," given by the graduates of the Wheelersburg high school this evening and Thursday in the auditorium of the high school. The play will start at 7:30 o'clock. Single admission to the play will be twenty-five cents. A number of the seniors of the high school are planning to attend the play on a Thursday evening. What's In A Name gives promise of being the most popular and best dressed play ever given by a Wheelersburg high school graduating class.

### The Movies

**Columbia Today**  
Charlie Chaplin, the Funniest Man in Pictures  
An unusually attractive program is offered at the Columbia today. Charlie Chaplin, the funny man of pictures, is the headliner in a roiling comedy entitled "In the Park," and it is simply a scream from beginning to end. "Lonely Lovers," a special two-reel picture, and another comedy, "The Taming of Shrew," make a four-reel program that is hard to beat.

For tomorrow, Manager Tykes announces "Alias Jimmy Valentine," with Robert Warwick playing the principal role. It is a five-reel reproduction of that famous play by the same name and is said to be one of the very best of all the good pictures produced by the World Picture Film company.

### DISCUSS RELIGION

Cincinnati, May 19.—Discussion of religious subjects held the attention of the delegates at the second day's session of the annual meeting of the Western Unitarian conference here today.

"What men have a right to demand of a free church" and "Denominational efforts for improved Sunday school work" were on the program for discussion. Among those who were expected to make addresses were Rev. W. Hanson, Pilsford, Chicago, and others.

### OUTDOOR SPORTS

The public now surrenders to the lure of outdoor sport. It amiles to the baseball grounds, the links and tennis court. It hearkens to the calling voice and loaves up its stride. Better it has no other choice for everything's outside. The grand old game now entertains the peasant and the king. He nibbles as he watches and he is a happy man. The kids upon the corner lots now sweat the leather ball, for sport is in the atmosphere. They simply can't keep still. The golf enthusiast now easily tramples over the links. The brassie and the putter are in evidence. The tennis flinders now float the ball and yell out, "Thirty love" while elephants float money in an old corner market. The motorcyclists speed along the quiet country road and barely miss the human, chicken, dog and feline. And now most everywhere are seen the human and the horse. They seek the country road and they spend with one accord. They climb the paved way in the powder and sand. The motorboat now cleaves the waves and yachts are now seen. The folks who like the simple life now while the blue away by lifting sails with masts in an old corner market. Away with pool and billiards, boxing bouts and tennis and shuffleboard and poker. For they haven't time for these! They're here to hide their weary time until the sun goes down. Folks want now for outdoor sport. They've heard the season call.

## Dealers Are Granted Fireworks Privilege

The request of dealers to be permitted to sell fireworks to parents on the evening of July 3rd and to children on July 4th has been granted by the police officials.

This does not include blank cartridges, guns and such other articles which may be placed in the list of fireworks to be used only on Monday the 4th day of July.

The dealers are requested to set out in their advertisements and have their sales employees to advise purchasers that the goods bought on the third cannot under any circumstances be used before Monday Sunday being the Fourth prohibition in every way celebrating by the use of fireworks and the use of such must be strictly confined to the one day and as far as possible safeguard life and property interests.

## Youths Bitterly Deny They Stole

Chester Carpenter and Merrill Pardee, two Pullerton, Ky., youths, were arrested while at work at the Harrison-Walker plant Tuesday night on warrants issued from Spire James D. Braden's court.

The young men are accused of finding and concealing a pocket book belonging to Guy R. Wolfe, an agent of the Prudential Insurance Company, who claims to have lost between \$45 and \$50 while making his rounds in Pullerton Tuesday afternoon.

The young men bitterly deny that they found the pocket book and agreed to return it to Kentucky without requisition papers. They bear excellent reputations in and about Pullerton. Mr. Wolfe's attention was directed to them by Mrs. James W. Wolfe and Mrs. Samuel W. Wolfe, who told him that they had seen the boys "cutting up" along the road and pick up something.

## SAYS U. S. MUST PUT UP WITH SUBMARINES

Berlin, (Via Amsterdam and London), May 19.—The Vossische Zeitung says: "If America succeeds in bringing it about that British merchant vessels shall no longer sail under false flags, that England shall cease arming merchant vessels and that contraband cargoes shall no longer be protected by American gunboats, then the United States will find Germany on her side in an endeavor to lead submarine war into more humane channels."

"If America fails to influence Great Britain thus, the United States will have to put up with submarine war, as at present waged. She must take care that her citizens enter as little into the naval war zone as they would into the firing line near Arras, Lille or Przemysl."

### \$50,000 IN DRUGS FOUND ON "DOCTOR"

New York, May 19.—Finger print experts of the police department today said they had identified as Samir Ellis, a clairvoyant, the man who was arrested last night under the name of Dr. Jas. Kling of Pittsburgh, Penna., and charged with having \$50,000 worth of habit-forming drugs in his possession. Ellis' real name was said by the police to be Chas. Balwan or Balwin. He declared, according to the police, that after his release from Sing Sing prison recently he opened a drug store in Pittsburgh and obtained all the drugs that he is charged with bringing here. Detectives said they found among his effects a book containing the names and biographies of 150 women, some of them of prominence.

### ROCKEFELLER IS READY

Washington, May 19.—John D. Rockefeller, Jr., was a witness before the Federal Industrial Relations Commission today, in connection with its inquiry into the Colorado coal strike. He was on hand yesterday ready to take the stand, but the commission did not reach him. Mr. Rockefeller's examination related to correspondence submitted to the commission since his appearance before it in New York.

## HER FALL

God may forgive our sins, he said, but awkwardness has no forgiveness in heaven or earth.—Emerton.

## ASKS U. S. TO PROTECT AUSTRIANS

Rome, May 18.—(Via Paris May 19).—It is said here that Austria already has decided to entrust to the United States the protection of her subjects in Italy in the event of war, which is considered inevitable. Owing to the feeling caused by the United States by the sinking of the Lusitania, Germany is reported to have decided to ask Switzerland to undertake the same task for German subjects and property in this country.

## SAYS WAR WILL LAST Many More Months

London, May 19.—"As the result of the latest German tactics," says a dispatch to the Mail from Petrograd, "all that had been accomplished by the Russians in the Carpathians has been undone and months have been added to the duration of the war."

"If the German plans had succeeded completely, if General Linsingen's army had been as fortunate as General Von Mackensen's, if the Austrians in Bukovina had been triumphant, if the Baltic invasion had resulted in the capture of Riga, the blow would have been terrific."

"Fortunately, the enemy's new stand, the enemy has not accomplished anything really decisive. The general idea of the German offensive was to advance up but let there be no mistake—that end is a very long way off."

## WILSON ON WAY HOME

Washington, May 19.—President Wilson, aboard the yacht Mayflower, was homeward bound today from New York, where he reviewed the Atlantic fleet. While the navy department had heard nothing of the Mayflower up to an early hour today, officials said she had been near the Virginia Capes.

The fact that no word had come from the Mayflower was taken to indicate that all was well aboard her. The yacht is expected to reach Washington early tomorrow.

Galveston, Texas, May 19.—A reliable statement of some of Carranza's military plans, coming from Carranza himself, was given today by an American who has just returned from Vera Cruz. Reports are frequent in various quarters that General Carranza intends soon to remove his capital to Puebla to retake Mexico City, and there permanently establish the constitutional government.

General Carranza himself frankly says he has no immediate intention of returning to Mexico City, notwithstanding the effort the return might have among other nations. Carranza's reasons for this, he says, are:

"That the people of Mexico City are antagonistic to him; that the city would require a large garrison, which necessarily would take thousands of soldiers from outside work; that Mexico City has no military advantages; that at Vera Cruz sup-

plies are available from foreign countries and communication with the outside world cannot be interrupted. This question recently was put to Carranza:

"The conclusion is drawn in some quarters in the United States, that you being an American who is an admirer of the United States, you ought to hold the capital; that you ought to put a garrison of personal safety in case of defense; that you—

"I am not conducting any campaign now, I am only waiting for the winds of fortune," replied General Carranza.

Debt Liquidated.

"Well, I've settled that there isn't any more Jack Gap for so long," triumphantly stated a prominent citizen of the neighborhood of Rumpus Ridge. "That so?" returned another and equally prominent resident of the same locality. "Where'd you get the money?" "Aw, it didn't take no money! I just shot Gap."—Nedra.
